8X8, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS — UNAUDITED

1. The Company and Significant Accounting Policies

The Company

8x8, Inc. ("8x8" or the "Company") was incorporated in California in February 1987 and was reincorporated in Delaware in December 1996. The Company trades under the symbol "EGHT" on the Nasdaq Global Select Market.

The Company is a leading Software-as-a-Service ("SaaS") provider of contact center, voice, video, chat, and enterprise-class API solutions powered by one global cloud communications platform. 8x8 empowers workforces worldwide by connecting individuals and teams, so they can collaborate faster and work smarter from anywhere. 8x8 provides real-time business analytics and intelligence, giving its customers unique insights across all interactions and channels on its platform, so they can support a distributed and hybrid working model while delighting their end-customers and accelerating their business. A majority of all revenue is generated from communication services subscriptions and platform usage. The Company also generates revenue from sales of hardware and professional services, which are complementary to the delivery of its integrated technology platform.

Basis of Presentation and Consolidation

The accompanying condensed consolidated financial statements are unaudited and have been prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") and regulations of the Securities and Exchange Commission ("SEC") regarding interim financial reporting. Accordingly, certain information and disclosures normally included in the Company's annual consolidated financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements as of and for the fiscal year ended March 31, 2026 and notes thereto included in the Form 10-K.

The unaudited condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All material intercompany accounts and transactions have been eliminated in consolidation. The Company conducts its operations through one operating and reportable segment.

In the opinion of the Company's management, these condensed consolidated financial statements reflect all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair statement of the Company's financial position, results of operations and cash flows for the periods presented. The results of operations for the interim periods presented are not necessarily indicative of the results to be expected for any subsequent quarter or for the entire year ending March 31, 2027.

Use of Estimates

The preparation of the condensed consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and equity, disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. On an ongoing basis, the Company evaluates its estimates, including, but not limited to, those related to revenue recognition, current expected credit losses, returns reserve for expected cancellations, fair value of and/or potential impairment of goodwill and value and useful life of long-lived assets (including intangible assets and right-of-use assets), capitalized internal-use software costs, benefit period for deferred contract acquisition costs, stock-based compensation, incremental borrowing rate used to calculate operating lease liabilities, convertible senior notes fair value, litigation, and other contingencies. The Company bases its estimates on known facts and circumstances, historical experience, and various other assumptions. Actual results could differ from those estimates under different assumptions or conditions.

Significant Accounting Policies

There have been no material changes from the significant accounting policies previously disclosed in Part II, Item 8 of the Form 10-K, except for the following:

Net Income (Loss) Per Share

Basic net income (loss) per share is computed by dividing net income (loss) available to stockholders (numerator) by the weighted average number of vested, unrestricted shares of common stock outstanding during the period (denominator). Diluted net income per share is computed on the basis of the weighted average number of shares of common stock, plus the effect of dilutive potential shares of common stock outstanding during the period. Dilutive potential shares of common stock from stock options, shares under the Amended and Restated 1996 Employee Stock Purchase Plan (the "ESPP"), Restricted Stock Units ("RSUs"), Performance Stock Units ("PSUs") and warrants are computed using the treasury stock method. Potential shares of common stock attributable to the Company's convertible senior notes due 2028 (the "2028 Notes") as discussed below in Note 8, Convertible Senior Notes and Term Loan, are evaluated using the if-converted method, which requires testing both cash and share settlement assumptions and applying the more dilutive result. For periods where a net loss was recognized, basic and diluted net loss per share are the same, as the effect of potential shares of common stock would be anti-dilutive.

Change in Reporting Presentation

The Company has revised its anti-dilutive shares disclosure for the three months ended June 30, 2025 to include approximately 28.2 million potential shares of common stock attributable to its 2028 Notes. These shares are anti-dilutive in all periods presented under the if-converted method. This revision had no impact on basic or diluted net loss per share and the condensed consolidated financial statements for any period presented. See Note 11, Net Loss Per Share, for further details.

Recently Adopted Accounting Pronouncements

In November 2024, the FASB issued ASU 2024-04, Debt - Debt with Conversion and Other Options (Subtopic 470-20): Induced Conversions of Convertible Debt Instruments, which clarifies whether the induced conversion guidance can be applied to the settlement of a convertible debt instrument that does not require the issuance of equity securities upon conversion. This update is effective for annual reporting periods beginning after December 15, 2025, and interim reporting periods within those annual reporting periods. The Company has adopted ASU 2024-04 on a prospective basis, and this ASU does not have a material impact on the condensed consolidated financial statements.

In July 2025, the FASB issued ASU 2025-05, Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets, providing a practical expedient to calculating current expected credit loss by assuming that the current conditions as of the balance sheet date will not change for the remaining life of the asset. This expedient can only be applied to current accounts receivable and current contract assets. This update is effective for annual reporting periods beginning after December 15, 2025, and interim periods within those annual reporting periods, and this update is applied prospectively. The Company has elected the expedient and adopted ASU 2025-05 on a prospective basis during the three months ended June 30, 2026. This ASU does not have a material impact on the condensed consolidated financial statements.

Recently Issued Not Yet Adopted Accounting Pronouncements

In November 2024, the FASB issued ASU 2024-03, Disaggregation of Income Statement Expenses (Topic 220): Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures, and issued subsequent amendments to the implementation guidance (including ASU 2025-01), which requires companies to disclose additional information about specific expense categories in the notes to financial statements. This guidance will be effective for the Company's annual disclosures beginning for the fiscal year ending March 31, 2028 and for interim period disclosures beginning in the fiscal year ending March 31, 2029. The Company is currently evaluating the impact this guidance will have on the presentation of its condensed consolidated financial statements and accompanying notes.

In September 2025, the FASB issued ASU 2025-06, Intangibles - Goodwill and Other - Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software, which updates the accounting model by replacing the project stage approach with a probable-to-complete threshold, relocates website development guidance into Subtopic 350-40, and requires enhanced disclosures for capitalized software costs. This guidance will be effective for the Company's interim and annual disclosures beginning for the fiscal year ending March 31, 2029. The Company is currently evaluating the impact this guidance will have on its condensed consolidated financial statements and accompanying notes.

There have been no other recent accounting pronouncements, changes in accounting pronouncements or recently adopted accounting guidance during the three months ended June 30, 2026 that are of significance or potential significance to us.

2. Segment and Revenue Information

Segment Information

The Company operates in and reports its results in a single operating and reportable segment offering SaaS solutions through the Company's Platform for Customer Experience ("CX"), which delivers unified communications-as-a-service ("UCaaS"), contact center-as-a-service ("CCaaS"), and communications platform-as-a-service ("CPaaS"). The Company derives revenue in the United States, United Kingdom and other international geographical locations from service revenue, other revenue and manages the business activities on a consolidated basis.

The Company's Chief Executive Officer ("CEO"), who reviews operating results to make decisions about allocating resources and assessing performance for the entire Company, has been identified as the chief operating decision maker ("CODM"). The CEO manages and reviews financial information presented on a consolidated basis and uses consolidated net income (loss) for purposes of making operating decisions, evaluating operating expenses, assessing financial performance and the allocation of resources. The measure of segment assets is reported on the consolidated balance sheets as total assets. Our CODM does not assess segment performance or make decisions using asset or liability information. The consolidated financial information provided to the CODM, including significant expenses, is presented in a manner consistent with the information already disclosed in the accompanying condensed consolidated financial statements and the notes thereto.

Disaggregation of Revenue

The Company believes that the nature, amount, timing, and uncertainty of its revenue and cash flows are most appropriately depicted by (i) geographic region and (ii) type of revenue or service provided. Revenue is disaggregated between subscription and platform usage, as these categories reflect key differences in economic characteristics, including recurring, over-time subscription revenue and variable, usage-based revenue driven by customer consumption.

The following table sets forth the revenue geographic information based on the billing address of customers for each period (in thousands):

	Three Months Ended June 30,			
	2026		2025	
United States	\$	105,801	\$	113,091
United Kingdom		33,320		30,731
Other International ¹		51,049		37,539
Total revenue	\$	190,170	\$	181,361

Service revenue consists of communication services subscriptions and platform usage revenue and related fees from our UCaaS, CCaaS and CPaaS offerings. Subscription, platform usage, and other revenue were as follows (in thousands):

	Three Months Ended June 30,			
	2026		2025	
Service revenue				
Subscription revenue	\$	137,429	\$	146,921
Platform usage revenue		47,917		29,387
Total service revenue		185,346		176,308
Other revenue		4,824		5,053
Total revenue	\$	190,170	\$	181,361

Contract Balances

The following table provides amounts of contract assets and deferred revenue from contracts with customers (in thousands):

	June 30, 2026		March 31, 2026	
Contract assets, current (component of Other current assets)	\$	7,105	\$	6,113
Contract assets, non-current (component of Other non-current assets)		5,743		6,356
Deferred revenue, current		35,334		36,699
Deferred revenue, non-current		247		181

Contract assets are recorded for contract consideration not yet invoiced but for which the performance obligations are completed. Contract assets, net of allowances for credit losses, are included in other current assets or other assets in the Company's condensed consolidated balance sheets, depending on if their reduction will be recognized during the succeeding twelve-month period or beyond. The allowance applied to our contract assets as of June 30, 2026 and March 31, 2026 and the activity in this account, including the current-period provision for expected credit losses for the three months ended June 30, 2026, was not material. As of March 31, 2025, contract assets, current and non-current were \$7.0 million and \$7.3 million, respectively. Accounts receivable, net, which also represents a contract balance arising from contracts with customers, including trade accounts receivable and unbilled trade accounts receivable, is disclosed in Note 4, Financial Statement Components.

The change in contract assets was primarily driven by the recognition of revenue for the fulfillment of performance obligations in advance of billing. The change in deferred revenue was primarily driven by the recognition of subscription and professional services revenue on previously invoiced non-monthly contracts, partially offset by new non-monthly invoices billed during the period. As of March 31, 2025, deferred revenue, current and non-current, was \$37.8 million and \$0.7 million, respectively. During the three months ended June 30, 2026 and June 30, 2025, the Company recognized revenue of approximately \$18.2 million and \$16.5 million that was included in deferred revenue at the beginning of the fiscal year, respectively.

¹ No individual country within "Other International" represented 10% or more of the Company's total revenue for the three months ended June 30, 2026 or 2025.

Remaining Performance Obligations

The Company's subscription terms typically range from one year to five years. Contract revenue from the remaining performance obligations that had not yet been recognized as of June 30, 2026 was approximately \$640.0 million. This amount excludes contracts with an original expected length of less than one year. The Company expects to recognize revenue on approximately 88% of the remaining performance obligations over the next 24 months, including approximately 64% of the remaining performance obligations estimated to be recognized within 12 months, and approximately 12% estimated to be recognized over the remainder of the subscription period.

Deferred Contract Acquisition Costs

Deferred sales commissions are considered incremental and recoverable costs of acquiring customer contracts. Amortization of deferred contract acquisition costs for the three months ended June 30, 2026 and 2025 was approximately \$7.1 million and \$9.0 million, respectively. There were no material write-offs during the three months ended June 30, 2026 and 2025.

The following table provides amounts of deferred contract acquisition costs from contracts with customers (in thousands):

	June 30, 2026	March 31, 2026

As of June 30, 2025, cash, cash equivalents and restricted cash of \$82.2 million included \$81.3 million and \$0.9 million of cash and cash equivalents and restricted cash, respectively.

To support its current operations, the Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. The restricted cash component is related to accrued holdbacks for business combinations.

The Company uses the Black-Scholes option-pricing valuation model to value its detachable warrants from inception and at each reporting period. During the three months ended June 30, 2026, the Company used historical volatility to determine the fair value of the warrants liability due to the low trading volume and moneyness assessment as of June 30, 2026. Changes in the fair values of the detachable warrants liability are recorded as a gain (loss) on warrants remeasurement within other income (expense), net in the condensed consolidated statements of operations and comprehensive income (loss).

The following table presents additional information about valuation techniques and inputs used for the detachable warrants (see Note 8, Convertible Senior Notes and Term Loan) that are measured at fair value and categorized within Level 3 as of June 30, 2026 and March 31, 2026 (dollars in thousands):

	June 30, 2026	March 31, 2026
Estimated fair value of detachable warrants	\$ 161	\$ 233
Unobservable inputs:		
Stock volatility	79.4 %	78.8 %
Risk-free rate	4.0 %	3.7 %
Expected term	1.1 years	1.3 years

As of June 30, 2026 and March 31, 2026, the estimated fair value of the Company's convertible senior notes due in 2028 was \$186.5 million and \$187.7 million, respectively (see Note 8, Convertible Senior Notes and Term Loan). The fair value of the convertible senior notes was determined based on the closing price of each of the securities on the last trading day of the reporting period, and each is Level 2 in the fair value hierarchy due to limited trading activity of the debt instruments. As of June 30, 2026 and March 31, 2026, the carrying value of the Company's 2024 Term Loan approximates its estimated fair value.

7. Commitments and Contingencies

Indemnifications

In the normal course of business, the Company may agree to indemnify other parties, including customers, lessors, and parties to other transactions with the Company with respect to certain matters, such as breaches of representations or covenants or intellectual property infringement or other claims made by third parties. These agreements may limit the time within which an indemnification claim can be made and the amount of the claim. In addition, the Company has entered into indemnification agreements with its officers and directors.

It is not possible to determine the maximum potential amount of the Company's exposure under these indemnification agreements due to the limited history of prior indemnification claims and the unique facts and circumstances involved in each particular agreement. Historically, payments made by the Company under these agreements have not had a material impact on the Company's operating results, financial position, or cash flows. Under some of these agreements, however, the Company's potential indemnification liability might not have a contractual limit.

Operating Leases

The Company's lease obligations consist of the Company's principal facility and various leased facilities under operating lease agreements. See Note 6, Leases, for more information on the Company's leases and the future minimum lease payments.

Purchase Obligations

The Company's purchase obligations include contracts with third-party customer support vendors and third-party network service providers. These contracts include minimum monthly commitments and the requirements to maintain the service level for several months.

During the three months ended June 30, 2026, we entered into a \$74.0 million noncancelable five-year hosting service contract with a cloud service provider. Under this agreement, \$8.1 million remains due during fiscal 2027, \$13.9 million will be due during fiscal 2028, \$15.8 million will be due during fiscal 2029 and \$36.2 million will be due for the remaining contractual term.

During the fiscal year ended March 31, 2026, the Company increased its noncancelable three-year hosting service contract commitment from \$24.1 million to \$54.0 million. Under this agreement, \$6.7 million remains due in fiscal 2027 and \$10.0 million will be due in fiscal 2028.

Legal Proceedings

The Company may be involved in various claims, lawsuits, investigations, and other legal proceedings, all in various phases, including intellectual property, commercial, regulatory compliance, securities, and employment matters that arise in the normal course of business. The Company determines whether an estimated loss from a contingency should be accrued by assessing whether a loss is deemed probable and can be reasonably estimated. The Company regularly evaluates current information to determine whether any accruals should be adjusted and whether new accruals are required. Actual claims could settle or be adjudicated against the Company in the future for materially different amounts than the Company has accrued due to the inherently unpredictable nature of litigation. Legal costs are expensed as incurred.

The Company believes it has recorded adequate provisions for any such lawsuits and claims and proceedings as of June 30, 2026. The Company believes that damage amounts claimed in these matters are not meaningful indicators of potential liability. Some of the matters pending against the Company involve potential compensatory, punitive, or treble damage claims or sanctions that, if granted, could require the Company to pay damages or make other expenditures in amounts that could have a material adverse effect on its condensed consolidated financial statements. Given the inherent uncertainties of litigation, the ultimate outcome of the ongoing matters described herein cannot be predicted, and the Company believes it has valid defenses with respect to the legal matters pending against it. Nevertheless, the condensed consolidated financial statements could be materially adversely affected in a particular period by the resolution of one or more of these contingencies.

Federal, State and Local Taxes and Surcharges

From time to time, the Company has received inquiries from a number of federal, state and local taxing agencies with respect to the remittance of sales, use, telecommunications, excise, and income taxes. Several jurisdictions currently are conducting tax audits of the Company's records, all in various phases. The Company collects and/or accrues amounts for all taxes and surcharges that it believes are required. The amounts that have been remitted have historically been within the accruals established by the Company. The Company conducts periodic reviews of the taxability of its services with respect to sales, use, telecommunications or other similar indirect taxes and adjusts its accrual when facts relating to specific exposures warrant such adjustment. A similar review was performed on the taxability of services provided by Fuze, Inc., and it was determined that certain services may be subject to sales, use, telecommunications or other similar indirect taxes in certain jurisdictions. Accordingly, the Company recorded contingent indirect tax liabilities. Based on such assessments, as of June 30, 2026 and March 31, 2026, the Company had accrued contingent indirect tax liabilities of \$9.6 million and \$9.4 million, respectively.

8. Convertible Senior Notes and Term Loan

Components of the convertible senior notes and term loan were as follows as of June 30, 2026 and March 31, 2026, respectively (in thousands):

Components of interest expense were as follows for the three months ended June 30, 2026 and 2025, respectively (in thousands):

	Three Months Ended June 30, 2026			Three Months Ended June 30, 2025		
	2024 Term Loan	2028 Notes	Total	2024 Term Loan	2028 Notes	Total

The 2024 Term Loan (as defined below) is the Company's senior secured obligation and ranks senior in right of payment to any of the Company's indebtedness. The 2028 Notes are the Company's senior unsecured obligation but rank junior in right of payment to any of the Company's secured indebtedness to the extent of such security.

2024 Delayed Draw Term Loan

On July 11, 2024, the Company entered into a new term loan credit agreement with Wells Fargo Bank, National Association, as administrative agent, and the lenders thereto (the "2024 Credit Agreement"). The 2024 Credit Agreement establishes a delayed draw term loan facility in an aggregate principal amount of up to \$200.0 million maturing on August 15, 2027.

On August 5, 2024, the Company drew upon the entire facility of \$200.0 million under the delayed draw term loan facility (the "2024 Term Loan") and used the proceeds of the 2024 Term Loan and cash on hand of approximately \$29.0 million to repay in full the \$225.0 million of outstanding principal amount and accrued interest of the 2022 Term Loan (defined below) and the fees incurred in connection with the repayment (the "Repayment"). For additional information, refer to the "2022 Term Loan and Warrants" section below.

The 2024 Term Loan bears interest at an annual rate equal to the Term Standard Overnight Financing Rate (the "Term SOFR"), plus a margin of either 2.50%, 2.75% or 3.00%, based on the consolidated total net leverage ratio of the Company and its subsidiaries. The initial margin was 3.00% for the fiscal quarter ending September 30, 2024 and remained 3.00% as of June 30, 2026. The Company has the option to pay interest monthly, quarterly, or semi-annually. During the three months ended June 30, 2026, the Company elected monthly interest payment terms resulting in contractual interest expense of \$1.8 million. As of June 30, 2026, the debt issuance costs were amortized to interest expense over the term of the 2024 Term Loan at an effective interest rate of 8.61%.

Under the terms of the 2024 Credit Agreement, the Company has the right to prepay the 2024 Term Loan at any time without any premium or penalty. On April 10, 2026, the Company prepaid \$14.5 million of quarterly principal payments due under the 2024 Term Loan. The Company completed three principal repayments of the 2024 Term Loan during fiscal 2026 for a total of \$30.0 million in aggregate principal amount.

¹ Amount represents the non-cash amortization of debt discount and issuance costs associated with the Company's debt instruments. These costs are amortized to interest expense over the respective terms of the debt using the effective interest method.

² Total debt interest expense excludes the impact of capitalized interest related to property, plant and equipment from general borrowing costs during the three months ended June 30, 2025.

As of June 30, 2026, the scheduled minimum principal repayments are \$25.0 million in fiscal 2027 (comprised of \$12.5 million on each of December 31, 2026 and March 31, 2027) and \$82.5 million fiscal 2028 (comprised of \$12.5 million on June 30, 2027 and \$70.0 million due upon maturity on August 15, 2027). As of June 30, 2026, the Company has paid \$22.5 million, \$37.5 million, \$22.5 million, and \$10.0 million of the originally scheduled principal repayments due in fiscal 2025, 2026, 2027, and 2028 respectively, and the remaining principal amount of the 2024 Term Loan after the payments is \$107.5 million.

On July 29, 2025, the Company executed the First Amendment (the "Amendment") to the 2024 Credit Agreement. The Amendment is designed to provide additional financial flexibility and support future strategic initiatives. The Amendment reflects the Company's continued commitment to financial discipline as it executes long-term growth priorities and investor return initiatives. Under the terms of the 2024 Credit Agreement, the Company may prepay the 2024 Term Loan at any time without incurring a premium or penalty. The Amendment also modified, among other things, the requirements to meet certain financial ratio tests in connection with permitted acquisitions and an adjustment to maintain the existing consolidated total net leverage ratio (a measure of total debt relative to Adjusted Cash EBITDA) at its current level for the duration of the 2024 Credit Agreement. In connection with the Amendment, the Company prepaid \$10.0 million of the remaining long-term principal payment due in August 2027 under the 2024 Term Loan. This prepayment did not adjust the scheduled quarterly principal payments.

These short-term principal debt repayments are accounted for as partial debt extinguishment transactions. The carrying value of the 2024 Term Loan, including the unamortized debt discount and issuance costs, was derecognized. The difference between the cash consideration paid to partially extinguish the 2024 Term Loan and the carrying value of the 2024 Term Loan was recognized as a loss on debt extinguishment included in the loss on debt extinguishment line item recorded in other expense in the condensed consolidated statement of operations. See Note 4, Financial Statement Components, for further details.

The obligations under the 2024 Credit Agreement are guaranteed by the Company's wholly-owned subsidiaries, subject to certain customary exceptions, and secured by a perfected security interest in substantially all of the Company's tangible and intangible assets, as well as substantially all of the tangible and intangible assets of the guarantors.

Mandatory prepayments of the 2024 Term Loan are required to be made upon the occurrence of certain events, including, without limitation, (i) sales of certain assets, (ii) receipt of certain casualty and condemnation awards proceeds, and (iii) the incurrence of non-permitted indebtedness, subject to certain thresholds and reinvestment rights. Voluntary prepayments are permitted at any time without premium or penalty, subject to certain customary break funding payments.

The 2024 Credit Agreement contains a consolidated interest coverage ratio financial covenant, a maximum consolidated total net leverage ratio financial covenant and a maximum consolidated secured leverage ratio financial covenant, and contains affirmative and negative covenants customary for transactions of this type, including limitations with respect to share repurchases, indebtedness, liens, investments, dividends, disposition of assets, change in business, and transactions with affiliates. As of June 30, 2026, the Company was in compliance with all covenants set forth in the 2024 Credit Agreement.

2022 Term Loan and Warrants

The Company entered into a senior secured term loan facility (the "2022 Term Loan") under a term loan credit agreement (the "2022 Credit Agreement") on August 3, 2022 with Wilmington Savings Fund Society, FSB, as administrative agent, and certain affiliates of Francisco Partners ("FP"). On August 5, 2024, the Company repaid the full outstanding principal amount and accrued interest of the 2022 Term Loan using the proceeds of the 2024 Term Loan and cash on hand.

In connection with the 2022 Credit Agreement, the Company issued detachable warrants (the "Warrants") to affiliates of FP to purchase an aggregate of 3.1 million shares of the Company's common stock with a five-year term and an exercise price of \$7.15 per share (subject to adjustment) that represents a 27.5% premium over the closing price per share of the Company's common stock on August 3, 2022. The Warrants are classified as liabilities as the Warrants contain certain terms that could result in cash settlement as a result of events outside of the Company's control. Accordingly, the Company recognizes the Warrants as liabilities at fair value initially and adjusts the Warrants to fair value at each reporting period.

The Warrants remain outstanding, with no change in terms in connection with the repayment of the 2022 Term Loan or issuance of the 2024 Term Loan. As of June 30, 2026 and March 31, 2026, the fair value of the Warrants was \$0.2 million and \$0.2 million, respectively, and was recorded within other liabilities, non-current on the condensed consolidated balance sheets. The subsequent changes in fair value were recorded through other income (expense), net on the Company's condensed consolidated statement of operations and comprehensive income (loss). See Note 3, Fair Value Measurements, for further details.

2028 Notes

As of June 30, 2026 and March 31, 2026, the Company had \$201.9 million aggregate principal amount of 4.00% 2028 Notes, with debt issuance costs of approximately \$5.6 million, of which 50% was paid in the form of shares of the Company's common stock. The 2028 Notes are senior obligations of the Company that accrue interest, payable semi-annually in arrears on February 1 and August 1 of each year. The 2028 Notes will mature on February 1, 2028, unless earlier converted, redeemed or repurchased. The initial conversion rate is 139.8064 shares of the Company's common stock per \$1,000 principal amount of the 2028 Notes (equivalent to an initial conversion price of approximately \$7.15 per share), subject to customary adjustments. Upon conversion of the 2028 Notes, the Company may elect to satisfy the conversion obligation with cash, shares of the Company's common stock, or a combination of cash and shares of the Company's stock. As of June 30, 2026, the Company was in compliance with all covenants set forth in the indenture governing the 2028 Notes. The debt discount and debt issuance costs are amortized to interest expense over the term of the 2028 Notes at an effective interest rate of 4.7%.

Market-Based PSUs

Market-based PSUs are granted to certain employees, including executive officers, with vesting that is contingent on a combination of stock performance and continued service. These awards are eligible to be earned over a period of one year to four years based on Total Shareholder Return ("TSR"), relative to specified market indices, or the achievement of specific pre-established absolute stock price hurdles.

The grant date fair value of market-based PSUs is determined using a Monte Carlo simulation model. Stock-based compensation expense is recognized over the requisite service period, regardless of whether the market condition is ultimately achieved. During the three months ended June 30, 2026 and 2025, the Company determined that the market conditions were not achieved and therefore no shares have been earned.

Performance-Based PSUs

Performance-based PSUs are granted to certain employees, including executive officers, with vesting based on the achievement of specific financial or operational goals, such as revenue growth or cash flow from operations ("CFFO"). The grant date fair value of performance-based PSUs is valued based on the Company's stock price at the grant date. Stock-based compensation expense is recognized over the requisite service period based on the number of units expected to vest, which is reassessed during each reporting period based on the Company's evaluation of the probability of achieving the applicable performance conditions.

The Company determined that the CFFO and revenue targets for the performance period were probable of being achieved and recognized \$0.4 million and \$0.3 million of related compensation expense for the three months ended June 30, 2026 and 2025, respectively.

The following table presents the PSU activity (shares in thousands):

PSUs	Number of Shares	Weighted Average Grant Date Fair Value	Weighted Average Remaining Contractual Term (in Years)
Balance as of March 31, 2026	3,549	\$ 2.48	0.65
Granted ¹	1,356	2.27	
Vested and released	(938)	1.90

Employee Stock Purchase Plan

As of June 30, 2026, a total of 4.4 million shares remained available for issuance under the ESPP.

¹ Represents performance-based PSUs granted based on the achievement of specific financial or operational goals, such as revenue growth or CFFO.

Share Repurchase Program

In May 2017, the Company's board of directors authorized the Company to purchase \$25.0 million of its common stock from time to time under the 2017 Repurchase Plan (the "2017 Repurchase Plan"). The 2017 Repurchase Plan expires when the maximum purchase amount is reached, or upon the earlier revocation or termination by the Company's board of directors. During the three months ended June 30, 2025, the Company repurchased 1.0 million shares of common stock in the open market for approximately \$1.8 million at an average price of \$1.83 per share. The total purchase price of the common stock repurchased and retired was reflected as a reduction to the condensed consolidated stockholders' equity during the repurchase period. The remaining amount of shares of common stock available for repurchase under the 2017 Repurchase Plan as of June 30, 2026 was approximately \$5.2 million. During the three months ended June 30, 2026, the Company did not repurchase any shares of common stock under the 2017 Repurchase Plan.

10. Income Taxes

The Company's effective tax rate was (476.9)% and (42.0)% for the three months ended June 30, 2026 and 2025, respectively. The difference between the effective tax rate and the U.S. federal statutory rate was primarily due to the full valuation allowance that the Company maintains against its U.S. deferred tax assets after adjusting for the impact of certain provisions under the One Big Beautiful Bill Act (the "OBBA"), current tax liabilities of profitable foreign subsidiaries subject to different local income tax rates, and state taxes in the United States. The effective tax rate is calculated by dividing the provision for income taxes by the loss before provision for income taxes.

11. Net Loss Per Share

Basic net loss per share is calculated by dividing net loss by the weighted average number of shares of common stock outstanding during the period, and excludes any dilutive effects of employee stock-based awards and potential shares upon conversion of the convertible senior notes. Diluted net loss per share is computed after giving effect to all potentially dilutive shares of common stock, including the shares of common stock issuable upon the exercise of stock options, vesting of RSUs and PSUs, and shares of common stock issuable upon the conversion of convertible senior notes.

The following is a reconciliation of the weighted average number of common shares outstanding used in calculating basic and diluted net loss per share (in thousands, except per share data):

	Three Months Ended June 30,	
	2026	2025
Net loss	\$ (1,200)	\$ (4,315)
Weighted average common shares outstanding - basic and diluted	141,973	134,809
Net loss per share - basic and diluted	\$ (0.01)	\$ (0.03)

Since the Company was in a loss position for all periods presented, basic net loss per share is equivalent to diluted net loss per share for all periods, as the inclusion of all potential dilutive shares would have had an anti-dilutive effect.

The following potentially dilutive weighted-average common shares were excluded from the calculation of diluted earnings per share because their inclusion would have been anti-dilutive (shares in thousands):

	Three Months Ended June 30,	
	2026	2025
Stock options	15	121
Restricted stock units and Performance stock units	2,963	5,689
Potential shares attributable to the ESPP	1,224	1,449
Warrants to purchase common stock	3,100	3,100
Convertible senior notes	28,229	28,229
Total anti-dilutive shares	35,531	38,588

The Company used the if-converted method for calculating any potential dilutive effect of its convertible senior notes for the three months ended June 30, 2026 and 2025. Under this method, the Company calculates diluted earnings per share under both the cash and share settlement assumptions to determine which is more dilutive. If share settlement is more dilutive, the Company calculates diluted earnings per share, assuming that all of the convertible senior notes were converted solely into shares of common stock at the beginning of the reporting period. The potential impact upon the conversion of the convertible senior notes was excluded from the calculation of diluted net loss per share for the three months ended June 30, 2026 and 2025 because the effect would have been anti-dilutive.

12. Subsequent Events

Amendment to 2022 Plan

On August 3, 2026, the shareholders of the Company approved an amendment to the 2022 Plan, which increased the number of shares of the Company's common stock reserved for future issuance by 8.3 million shares.

Amendment to 2017 Plan

On July 29, 2026, the Board of Directors approved an amendment to the 2017 Plan, which increased the number of shares of the Company's common stock reserved for future issuance by 1.2 million shares.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our condensed consolidated financial statements and related notes appearing elsewhere in this Quarterly Report. As discussed in the section entitled "Forward-Looking Statements," the following discussion and analysis contain forward-looking statements that involve risks and uncertainties, as well as assumptions that, if they never materialize or prove incorrect, could cause our results to differ materially from those expressed or implied by such forward-looking statements. Factors that could cause or contribute to these differences include, but are not limited to, those discussed below and elsewhere in this Quarterly Report, and those set forth under the section entitled "Risk Factors" in the Form 10-K for the fiscal year ended March 31, 2026.

Overview

8x8, Inc. is a global provider of integrated customer experience and business communications solutions, purpose-built to unify customer and employee engagement across the enterprise. Our 8x8 Platform for CX combines contact center, business communications, and application programmable interfaces ("APIs") for communications into a single, secure system powered by artificial intelligence ("AI") that delivers seamless, data-driven interactions. Designed for agility and scale, our platform helps businesses eliminate silos, improve operational efficiency, and turn every conversation into actionable intelligence. By aligning technology with measurable outcomes, we empower organizations to transform how they connect, serve, and grow from first interactions to lasting relationships.

We serve a broad customer base, from small businesses to large global enterprises across every major industry. We reach customers through a combination of direct sales and an expanding global network of channel partners. To serve diverse organizations of all sizes, we invest in retaining and growing customers across segments through a service model that scales from AI-powered support for smaller accounts to dedicated customer success resources for our most complex enterprise relationships.

We generate service revenue from subscriptions to our UCaaS and CCaaS offerings, as well as usage of our platform. Our service subscription plans are sold on a per-user basis and are structured with increasing levels of functionality, based on the specific communication needs and customer engagement profile of each user. Platform usage revenue is revenue recognized from sales of products on an as-used basis and includes the use of our communications APIs, digital and voice AI interactions and telephony minutes. Usage revenue increased by 63% in the first quarter of fiscal 2027 as customers increased inbound and outbound engagement strategies using our communication APIs and AI-based interactions.

We generate other revenue from professional services and the sale of office phones and other hardware equipment. We define a "customer" as one or more legal entities to which we provide services pursuant to a single contractual arrangement. In some cases, we may have multiple billing relationships with a single customer (for example, where we establish separate billing accounts for a parent company and each of its subsidiaries).

Macroeconomic and Other Factors

We are subject to risks and exposures, including those caused by adverse economic conditions. Macroeconomic conditions that could adversely affect our business include geopolitical instability, tariffs, inflationary pressures, increased interest rates, supply chain disruptions, decreased economic output, and currency volatility. We continuously monitor the impacts of these factors, as well as the overall global economy and geopolitical landscape, on our business and financial results.

While the implications of macroeconomic events on our business, results of operations, and overall financial position remain uncertain, we expect that difficult economic conditions could negatively impact our business in future periods. For example, our installed base includes small businesses, which tend to be disproportionately affected by macroeconomic headwinds. International revenue grew from approximately 38% of total revenue in the first quarter of fiscal 2026 to approximately 44% in the first quarter of fiscal 2027, increasing our exposure to foreign currency fluctuations. However, a significant portion of our international operating expenses is denominated in the same currencies as our international revenue, which partially mitigates the impact of currency movements on profitability. We also continue to monitor the pace of AI adoption across our customer base, which represents both an evolving competitive dynamic and a direct driver of demand for our platform capabilities and usage-based revenue.

Summary and Outlook

In the first quarter of fiscal 2027, we delivered the following financial results:

- Service revenue increased 5% to \$185.3 million, compared to \$176.3 million in the first quarter of fiscal 2026.
- Gross margin was 61.2%, compared to 66.4% in the first quarter of fiscal 2026.
- Operating income was \$4.4 million, compared to \$0.6 million in the first quarter of fiscal 2026.
- Net loss was \$1.2 million, compared to \$4.3 million in the first quarter of fiscal 2026.
- Cash provided by operating activities was \$17.0 million, compared to \$11.9 million in the first quarter of fiscal 2026.

As part of our objectives to grow our revenue and increase profitability and cash flow, we are focused on retaining our existing customers and driving multi-product adoption within our installed base, as well as expanding our base with new customers. We believe that continued innovation is a critical factor in attracting and retaining our customers and is an important variable in achieving sustainable growth. We are committed to continuing our investment in research and development to deliver innovation across our Platform for CX, expand our ecosystem of integrated third-party applications, and maintain the high platform availability that our customers require.

Our primary focus involves the following: (i) expanding the features and functionality of our Platform for CX, (ii) increasing the use of our agentic AI solutions and communication APIs, (iii) growing our community of value-added resellers and technology partners as a means to expand distribution, especially in international regions, and (iv) increasing the efficiency of our operations through process improvements, automation, and self-service. We are embracing the use of AI internally to accelerate innovation and the introduction of new products, improve our sales productivity and conversion rates, increase the efficiency and security of our global network infrastructure, and simplify our back-office operations.

Our investment in research and development has enabled us to introduce new products like 8x8 Engage and 8x8 AI Studio, add capabilities that allow our customers to enhance their employee and customer experiences, and expand integrations within our Technology Partner Ecosystem. We also invested in our global network infrastructure to ensure continued high availability, enhance security, and lower the cost to deliver our services. Our combined investments in our platform and process improvements allow us to deliver tightly integrated solutions around the world that prioritize ease-of-use, out-of-the-box functionality, and rapid deployment. We expect the costs of delivering our communication services and communication APIs, both in total dollars and as a percentage of service revenue, to vary with the amount of service revenue and the mix of subscription and usage revenue within service revenue.

To improve our sales efficiency over time, we are investing in marketing programs to drive awareness for our solutions, training programs and tools to increase productivity in our direct sales, and partner enablement solutions to drive increased cross-sell and new business. We are also devoting resources to expand our community of value-added resellers, who provide implementation services and Tier 1 customer support in addition to sales capacity.

We continue to monitor factors that could have an impact on customer buying behavior and demand, including technological changes in AI-related developments, macroeconomic conditions, the competitive environment, contract duration, churn, upsell and down-sell, renewals, and payment terms, all of which have caused variability in our results and may continue to do so in the future.

Components of Results of Operations

Service Revenue

Service revenue consists of communication services subscriptions, platform usage revenue, and related fees from our UCaaS, CCaaS and CPaaS offerings. We plan to increase service revenue through a combination of new customer acquisition, cross-selling of additional products to existing customers, including new products resulting from our increased investment in innovation, artificial intelligence, geographic expansion of our customer base outside the United States, innovation in our products and technologies, and strategic acquisitions of technologies and businesses.

Other Revenue

Other revenue consists of revenue from professional services, primarily in support of deployment of our solutions and platform, and revenue from sales and rentals of IP telephones in conjunction with our cloud telephony service. Other revenue is dependent on the number of customers who choose to purchase or rent IP telephone hardware in conjunction with our service instead of using the solution on their cell phone, computer, or other compatible device, and/or choose to engage our professional services organization for implementation and deployment of our cloud services.

Cost of Service Revenue

Cost of service revenue consists primarily of costs associated with network operations and related personnel, technology licenses, amortization of intangible assets and capitalized internal use software, other communication origination and termination services provided by third-party carriers, outsourced customer service call center operations, and other costs such as customer service costs and technical support costs. We allocate overhead costs, such as information technology and facilities, to cost of service revenue, as well as to each of the operating expense categories, generally based on relative headcount. Our information technology costs include costs for information technology infrastructure and personnel. Facilities costs primarily consist of office leases and related expenses.

Cost of Other Revenue

Cost of other revenue consists primarily of costs associated with the purchase and shipping and handling of IP telephone hardware, as well as scheduling, personnel costs, and other expenditures incurred in connection with the professional services associated with the deployment and implementation of our products, and allocated information technology and facilities costs.

Research and Development

Research and development expenses consist primarily of personnel and related costs, stock-based compensation, third-party development, software and equipment costs necessary to conduct our product, platform development and engineering efforts, as well as allocated information technology and facilities costs.

Sales and Marketing

Sales and marketing expenses consist primarily of personnel and related costs, stock-based compensation, sales commissions, including those to the channel, trade shows, advertising and other marketing, demand generation, and promotional expenses, as well as allocated information technology and facilities costs.

General and Administrative

General and administrative expenses consist primarily of personnel and related costs, professional services fees, corporate administrative costs, tax and regulatory fees, stock-based compensation and allocated information technology and facilities costs.

Interest Expense

Interest expense consists primarily of interest expense related to our term loan and convertible notes, and amortization of debt discount and issuance costs.

Other Income (Expense), Net

Other income (expense), net, consists primarily of losses on debt extinguishment, gain on warrant remeasurement, interest income, gains or losses on foreign exchange transactions, as well as other income.

Provision for Income Taxes

Provision for income taxes consists primarily of foreign income taxes and state taxes in the United States. As we expand the scale of our international business activities, any changes in the United States and foreign taxation of such activities may increase our overall provision for income taxes in the future. We have a valuation allowance for our U.S. deferred tax assets, including federal and state net operating loss carryforwards. We expect to maintain this valuation allowance until it becomes more likely than not that the benefit of our federal and state deferred tax assets will be realized by way of expected future taxable income in the United States.

Percentage of total revenue		97.5 %		97.2 %		

Three Months Ended

Service revenue increased by \$9.0 million, or 5.1%, for the three months ended June 30, 2026, compared to the three months ended June 30, 2025. This change was driven by an increase of \$18.5 million in platform usage revenue generated primarily in the Asia-Pacific region, resulting from higher customer consumption volumes of our usage-based offerings, reflecting expanded customer adoption and usage of messaging, minutes and AI-based solutions during the period. This increase was partially offset by a decrease in subscription revenue of \$9.5 million related to customer churn and down-sell.

Three Months Ended

Other revenue decreased by \$0.2 million, or 4.5%, for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, due to a decrease in professional service revenue of \$0.8 million, partially offset by an increase in product revenue of \$0.6 million.

Three Months Ended

Cost of service revenue increased by \$13.8 million, or 25.7%, for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily due to an increase of \$15.8 million in network and carrier service provider costs to deliver our platform usage services and support our capacity needs. These increases were partially offset by decreases of \$1.6 million in salaries, benefits and consulting costs, \$0.2 million in amortization of intangible assets, and \$0.2 million in stock-based compensation.

Three Months Ended

Cost of other revenue decreased by \$0.9 million, or 13.2%, for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily due to a decrease in salaries, benefits, and consulting costs to deliver our professional services.

Gross profit	\$	116,371	\$	120,440	\$	(4,069) (3.4)%

Three Months Ended

Gross profit decreased by \$4.1 million, or 3.4%, for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, driven by the shift in revenue mix toward usage-based offerings as growth in cost of service revenue outpaced service revenue growth. Generally, usage-based offerings generate higher network and carrier service provider costs per dollar of revenue relative to our subscription-based offerings, resulting in lower gross margin.

Research and development

(In thousands, except percentages)	Three Months Ended June 30,

Three Months Ended

Research and development expenses were flat for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily due to decreases of \$2.4 million in combined salaries, benefits, and consulting costs necessary to conduct our product, platform development and engineering efforts and \$0.5 million in stock-based compensation. These decreases were offset by increases of \$2.4 million in capitalization of internally-developed software, software licenses and other costs and \$0.5 million in amortization of capitalized software.

Three Months Ended

General and administrative expenses increased by \$1.5 million, or 6.5%, for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily due to increases of \$2.4 million in transaction-related and general corporate costs and \$0.5 million in personnel and consulting costs. These increases were partially offset by decreases of \$0.9 million in stock-based compensation and \$0.5 million in legal and regulatory costs.

Three Months Ended

Interest expense increased by \$0.2 million, or 5.3%, for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily due to capitalized interest related to property, plant and equipment from general borrowing costs recorded in fiscal 2026. This increase was partially offset by reduced debt interest due to a lower interest rate and principal balance on the 2024 Term Loan. See Note 8, Convertible Senior Notes and Term Loan, for further details.

We recognized \$0.4 million of other expense, net during the three months ended June 30, 2026, compared to \$0.4 million of other income, net during the three months ended June 30, 2025, primarily due to an increase of \$0.7 million in foreign exchange losses and a reduced gain of \$0.1 million on the remeasurement of the Warrants issued in connection with the 2022 Term Loan.

Three Months Ended

Provision for income taxes decreased by \$0.3 million for the three months ended June 30, 2026, compared to the three months ended June 30, 2025, primarily driven by the effects of the OBBBA on federal and state taxes for the three months ended June 30, 2026.

Liquidity and Capital Resources

We believe that our existing cash, cash equivalents and our anticipated cash flows from operations will be sufficient to meet our working capital, expenditure, and contractual obligation requirements for a minimum of the next twelve months and the foreseeable future. Although we believe we have adequate sources of liquidity for at least the next twelve months and for the foreseeable future, the success of our operations, the global economic outlook, and the pace of growth in our markets could impact our business and liquidity.

Cash and Cash Equivalents

The following is a summary of our cash and cash equivalents (in thousands):

	June 30, 2026	March 31, 2026
Cash and cash equivalents	\$ 90,595	\$ 93,260
Restricted cash, current ⁽¹⁾	1,707	1,702
Total	\$ 92,302	\$ 94,962

(1) Restricted cash is related to accrued holdbacks for business combinations.

Our primary requirements for liquidity and working capital include delivery of our various products to customers, research and development, sales and marketing activities, principal and interest payments on our outstanding debt and other general corporate needs. Historically, these cash requirements have been met from cash provided by operating activities and our cash and cash equivalents balances. Our current capital deployment strategy for fiscal 2027 is to maintain sufficient liquidity to fund our operations and growth initiatives, including planned software development activities, and to pay down our outstanding debt. As of June 30, 2026, we are not party to any off-balance sheet arrangements that have had or are reasonably likely to have a current or future material effect on our financial condition, results of operations, liquidity, capital expenditures, or capital resources. Significant cash requirements for the fiscal year include our operating lease obligations, principal and interest payments related to our debt obligations, and operating and capital purchase commitments. For information regarding our expected cash requirements and timing of payments related to leases and noncancelable purchase commitments, see Note 6, Leases, and Note 7, Commitments and Contingencies, respectively, to the condensed consolidated financial statements. Additionally, refer to Note 8, Convertible Senior Notes and Term Loan, to the condensed consolidated financial statements for more information related to our debt obligations.

Our outstanding 2024 Term Loan allows for voluntary prepayments. In order to reduce future cash interest payments, as well as future amounts due at maturity or upon redemption, we may, from time to time, make prepayments. The Company evaluates opportunities for stock repurchases, and may utilize cash and cash equivalents to repurchase shares under the 2017 Repurchase Plan. During the three months ended June 30, 2025, the Company repurchased 1.0 million shares of common stock in the open market for approximately \$1.8 million at an average price of \$1.83 per share. For more information, see Note 9, Stock-Based Compensation and Stockholders' Equity.

As of June 30, 2026, our 2028 Notes were trading at a discount to their respective principal amount. We may seek to retire, refinance or purchase our outstanding debt through open-market purchases, privately negotiated transactions or otherwise, which may have an impact on our liquidity requirements. Any such transactions will be dependent upon several factors, including our liquidity requirements, contractual restrictions, prevailing market conditions, and other factors. Whether or not we engage in any such transactions will be determined at our discretion. For historical debt payments, see Note 8, Convertible Senior Notes and Term Loan.

Net cash used in financing activities	(16,184)	(17,337)
Effect of exchange rate changes on cash	(362)	2,788
Net decrease in cash and cash equivalents	\$ (2,660)	\$ (7,092)

Cash provided by operating activities increased by \$5.2 million to \$17.0 million for the three months ended June 30, 2026, primarily due to an increase in cash collected from customers, a decrease in cash paid to vendors, employees and interest on outstanding debt and an increase in other accrued liabilities primarily in the APAC region. Cash used in investing activities decreased by \$1.3 million to \$3.1 million for the three months ended June 30, 2026, mainly due to a decrease in capitalized internal-use software costs partially offset by an increase in purchases of property and equipment. Cash used in financing activities decreased by \$1.2 million to \$16.2 million for the three months ended June 30, 2026, mainly due to a repurchase of common stock completed in fiscal 2026 and repayment of the 2024 Term Loan, partially offset by an increase in payments for other activities.

Debt Obligations

See Note 8, Convertible Senior Notes and Term Loan, in the unaudited condensed consolidated financial statements included elsewhere in this Quarterly Report for information regarding our debt obligations.

2024 Delayed Draw Term Loan

On July 11, 2024, we entered into a new term loan credit agreement with Wells Fargo Bank, National Association, as administrative agent, and the lenders thereto (the "2024 Credit Agreement"). The 2024 Credit Agreement establishes a delayed draw term loan facility in an aggregate principal amount of up to \$200.0 million maturing on August 15, 2027.

On August 5, 2024, we drew upon the entire facility of \$200.0 million under the delayed draw term loan facility (the "2024 Term Loan") and used the proceeds of the 2024 Term Loan and cash on hand of approximately \$29.0 million to repay in full the \$225.0 million of outstanding principal amount and accrued interest of the 2022 Term Loan and the fees incurred in connection with the Repayment.

The 2024 Term Loan bears interest at an annual rate equal to the Term SOFR, plus a margin of either 2.50%, 2.75% or 3.00% based on the consolidated total net leverage ratio of the Company and its subsidiaries. The initial margin was 3.00% for the fiscal quarter ending September 30, 2024 and remained 3.00% as of June 30, 2026. We have the option to pay interest monthly, quarterly, or semi-annually. During the three months ended June 30, 2026, we elected monthly interest payment terms which resulted in cash payments of \$1.8 million. For the three months ending September 30, 2026, we have elected monthly interest payment terms, which will result in cash payments of approximately \$1.8 million. As of June 30, 2026, the debt issuance costs were amortized to interest expense over the term of the 2024 Term Loan at an effective interest rate of 8.61%.

Under the terms of the 2024 Credit Agreement, we have the right to prepay the 2024 Term Loan at any time without any premium or penalty. We completed three principal repayments of the 2024 Term Loan during fiscal 2026 for a total of \$30.0 million in aggregate principal amount. We completed one principal repayment of the 2024 Term Loan during fiscal 2027 for \$14.5 million in aggregate principal amount.

As of June 30, 2026, the scheduled minimum principal repayments are \$25.0 million in fiscal 2027 (comprised of \$12.5 million on each of December 31, 2026 and March 31, 2027) and \$82.5 million fiscal 2028 (comprised of \$12.5 million on June 30, 2027 and \$70.0 million due upon maturity on August 15, 2027). As of June 30, 2026, we have paid \$22.5 million, \$37.5 million, \$22.5 million, and \$10.0 million of the originally scheduled principal repayments due in fiscal 2025, 2026, 2027, and 2028 respectively, and the remaining principal amount of the 2024 Term Loan after the payments is \$107.5 million.

These short-term principal debt repayments are accounted for as partial debt extinguishment transactions. The carrying value of the 2024 Term Loan, including the unamortized debt discount and issuance costs, was derecognized. The difference between the cash consideration paid to partially extinguish the 2024 Term Loan and the carrying value of the 2024 Term Loan was recognized as a loss on debt extinguishment included in the loss on debt extinguishment line item recorded in other expense in the condensed consolidated statement of operations and comprehensive income (loss). See Note 4, Financial Statement Components, for further details.

Under this agreement, \$6.7 million remains due in fiscal 2027 and \$10.0 million will be due in fiscal 2028. During the three months ended June 30, 2026, we entered into a \$74.0 million noncancelable five-year hosting service contract with a cloud service provider. Critical Accounting Policies and Estimates

The discussion and analysis of our financial condition and results of operations are based upon our condensed consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosures of assets and liabilities. On an ongoing basis, we evaluate our critical accounting policies and estimates. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Our consolidated financial statements are prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"). See Note 1, The Company and Significant Accounting Policies, in the notes to the unaudited condensed consolidated financial statements included in this Quarterly Report, which describes the significant accounting policies and methods used in the preparation of our consolidated financial statements. There have been no significant changes during the three months ended June 30, 2026 to our critical accounting policies and estimates previously disclosed in the Form 10-K.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes in our exposures to market risk since March 31, 2026. For details on the Company's interest rate and foreign currency exchange risks, see Part II, Item 7A, "Quantitative and Qualitative Disclosures About Market Risk" in the Form 10-K.

ITEM 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of June 30, 2026. Based on this evaluation, our CEO and CFO concluded that, as of June 30, 2026, our disclosure controls and procedures were effective at a reasonable assurance level to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms.

Changes in Internal Control Over Financial Reporting

During the three months ended June 30, 2026, there was no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Limitations on the Effectiveness of Controls

Our management, including the CEO and CFO, does not expect that our disclosure controls or internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected.

None of the Company's directors and officers (as defined in Rule 16a-1(f) under the Exchange Act) adopted or terminated a Rule 10b5-1 trading arrangement (as defined in Item 408(c) of Regulation S-K) during the three months ended June 30, 2026, except as noted below:

Andrew Burton, a member of our Board of Directors and a Section 16 director, adopted a Rule 10b5-1 Trading Plan on June 12, 2026, intended to satisfy the affirmative defense of Rule 10b5-1(c) under the Exchange Act. Mr. Burton's Rule 10b5-1 Trading Plan provides for the potential sale, beginning no earlier than September 11, 2026, of up to 107,085 shares of the Company's common stock. The plan is scheduled to expire on October 12, 2026.

Laurence Denny, our Chief Legal Officer, Corporate Secretary, and a Section 16 officer, adopted a Rule 10b5-1 Trading Plan on June 12, 2026, intended to satisfy the affirmative defense of Rule 10b5-1(c) under the Exchange Act. Mr. Denny's Rule 10b5-1 Trading Plan provides for the potential sale of up to 20,000 shares of the Company's common stock, plus an additional number of shares that Mr. Denny may receive in connection with his participation in the ESPP. The exact number of these additional shares can only be determined upon the future purchase of shares under the ESPP. The plan is scheduled to expire on May 20, 2027.

Our officers (as defined in Rule 16a-1(f) under the Exchange Act) have entered into sell-to-cover arrangements, which constitute non-Rule 10b5-1 trading arrangements (as defined in Item 408(c) of Regulation S-K), authorizing the pre-arranged sale of shares to satisfy tax withholding obligations of the Company arising exclusively from the vesting of RSUs and PSUs, as applicable, and the related issuance of shares. Any sale of shares under these arrangements will occur only if (i) the aggregate value of all of the shares withheld by the Company to satisfy such tax withholding obligations in the given fiscal year has reached a certain threshold, and (ii) the sale does not result in any short-swing liability under Section 16(b) of the Exchange Act. The amount of shares to be sold under these arrangements may vary and will be dependent on the trading price of the Company's common stock at the time of the vesting of the RSUs and PSUs, as applicable. Each of these arrangements lasts until the final vesting date of the applicable RSUs or PSUs, or each officer's earlier termination of employment.

Unless the Plan shall have been earlier terminated by the Board, Awards may be granted under the Plan at any time during the period commencing on the date the Plan is most recently adopted by the Board and ending on the tenth (10th) anniversary of the date the Plan is most recently adopted by the Board. Awards granted pursuant to the Plan within that period shall not expire solely by reason of the termination of the Plan. Any Awards under the Plan granted prior to the Effective Date ("Contingent Awards") were conditioned upon such stockholder approval.

The Plan will be subject to approval by the stockholders of the Company within twelve (12) months after the date the Plan is most recently adopted by the Board. Such stockholder approval will be obtained in the manner and to the degree required under Applicable Laws.

The Plan is intended as the successor to the Prior Plan. The Plan shall take effect on the Effective Date. No additional awards may be granted under the Prior Plan following its expiration on June 22, 2022. In addition, from and after 12:01 a.m. Pacific Time on the Effective Date, all outstanding awards granted under the Prior Plan will remain subject to the terms of the Prior Plan. Subject to adjustment as provided in Section 8 herein, the maximum number of shares of Stock reserved for the grant of Awards under the Plan ("Total Authorized Shares") shall be equal to the sum of: (i) 38,838,000 shares of Stock, plus (ii) the number of shares of Stock subject to Options granted under the Prior Plan that were outstanding as of the Prior Plan Expiration Time, but only to the extent such Options expire, terminate, are cancelled without having been exercised in full or are settled in cash after the Prior Plan Expiration Time without the delivery of shares of Stock, plus (iii) the number of shares of Stock subject to Restricted Stock, Restricted Stock Units, and Performance Units granted under the Prior Plan that were outstanding as of the Prior Plan Expiration Time, but only to the extent such awards are forfeited by the holder, are reacquired by the Company at less than their then Market Value as a means of effecting a forfeiture, or are settled in cash after the Prior Plan Expiration Time without the delivery of shares of Stock to the holder (in each case, with each such share referenced in this prong (iii) increasing the shares of Stock available for issuance under the Plan by the "Applicable Ratio", as

defined below), provided that in no event shall the Total Authorized Shares exceed 55,814,465 shares of Stock (which is the sum of (1) the 38,838,000 shares set forth above, plus (2) the number of shares of Stock that remained available under the Prior Plan for additional award grant purposes as of the Board Approval Time, plus (3) the aggregate number of shares of Stock subject to Options previously granted and outstanding under the Prior Plan as of the Board Approval Time plus (4) the Applicable Ratio times the aggregate number of shares of Stock subject to Restricted Stock, Restricted Stock Units, and Performance Units previously granted and outstanding under the Prior Plan as of the Board Approval Time). Notwithstanding anything to the contrary herein except adjustments in accordance with Section 8, no more than 55,814,465 shares of Stock may be issued pursuant to the exercise of Incentive Options under the Plan.

- (a) "Applicable Ratio" means (i) one (1) share of Stock for every one (1) share granted in connection with such Prior Awards made before July 25, 2014 or on or after August 1, 2019; (ii) one and one-half (1.5) shares of Stock for every one (1) share granted in connection with such Prior Awards made on or after July 25, 2014 and before July 22, 2016; and (iii) one and seven-tenths (1.7) shares of Stock for every one (1) share granted in connection with such Awards made on or after July 22, 2016 and before August 1, 2019.

4.2 Share Counting; Share Recycling.

- (a) For purposes of determining the number of shares of Stock available for grant under the Plan, each share of Stock subject to or issued in respect of an Award shall be counted against the Total Authorized Shares as one (1) share of Stock. Shares of Stock issued pursuant to the Plan may be either authorized but unissued shares of Stock or shares of Stock held by the Company in its treasury.
- (b) If an Award expires, is cancelled or becomes unexercisable without having been exercised in full, or, with respect to Restricted Stock, Restricted Stock Units, or Performance Unit Awards, is forfeited to the Company or repurchased by the Company, the unpurchased shares of Stock (or for Awards other than Options and Stock Appreciation Rights, the forfeited or repurchased shares of Stock) that were subject thereto will become available for future grant or sale under the Plan. Upon exercise of a Stock Appreciation Right settled in shares of Stock, the gross number of shares of Stock covered by the portion of the Award so exercised will cease to be available under the Plan. Shares of Stock that have actually been issued under the Plan under any Award will not be returned to the Plan and will not become available for future distribution under the Plan; provided, however, that if unvested shares of Restricted Stock or Restricted Stock Units or unvested shares subject to Performance Unit Awards are repurchased by the Company or are forfeited to the Company, such shares of Stock will become available for future grant under the Plan. Shares of Stock used to pay the exercise price of an Award and/or to satisfy the tax withholding obligations related to an Award will not become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than shares of Stock, such cash payment will not reduce the number of shares of Stock available for issuance under the Plan. Shares of Stock actually issued pursuant to Awards transferred under any Exchange Program to reprice Options or Stock Appreciation Rights will not become available for grant or sale under the Plan.

- 4.3 Substitute Awards. In connection with an entity's merger or consolidation with the Company or any Affiliate or the Company's or any Affiliate's acquisition of an entity's property or stock, the Committee may grant Awards in substitution for any options or other stock or stock-based awards granted before such merger or consolidation by such entity or its affiliate. Substitute Awards may be granted on such terms and conditions as the Committee deems appropriate, notwithstanding limitations on Awards in the Plan. Substitute Awards will not count against the Total Authorized Shares (nor shall shares of Stock subject to a Substitute Award be added to the shares of Stock available for Awards under the Plan), except that shares of Stock acquired by exercise of substitute Incentive Options will count against the maximum number of shares of Stock that may be issued pursuant to the exercise of Incentive Options under the Plan.

5. Administration

The Plan shall be administered by the Committee; provided, however, that at any time and on any one or more occasions the Board may itself exercise any of the powers and responsibilities assigned the Committee under the Plan and when so acting shall have the benefit of all of the provisions of the Plan pertaining to the Committee's exercise of its authorities hereunder; and provided further, however, that the Committee may delegate to an executive officer or officers the authority to grant Awards hereunder to Employees who are not Officers, and to Consultants, in accordance with such guidelines as the Committee shall set forth at any time or from time to time. Subject to the provisions of the Plan, the Committee shall have complete authority, in its discretion, to make or to select the manner of making all determinations with respect to each Award to be granted by the Company under the Plan including the Employee, Consultant or Non-Employee Director to receive the Award and

the form of Award. In making such determinations, the Committee may take into account the nature of the services rendered by the respective Employees, Consultants, and Non-Employee Directors, their present and potential contributions to the success of the Company and its Affiliates, and such other factors as the Committee in its discretion shall deem relevant. Subject to the provisions of the Plan, the Committee shall also have complete authority to: (a) interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it; (b) approve one or more forms of Award Agreement; (c) determine the initial terms and provisions of the respective Award Agreements (which need not be identical), including, without limitation, as applicable, (i) the exercise price of the Award, (ii) the method of payment for shares of Stock purchased upon the exercise of the Award, (iii) the timing, terms and conditions of the exercisability of the Award or the vesting of any shares acquired upon the exercise thereof, (iv) the time of the expiration of the Award, (v) the effect of the Participant ceasing to be a Service Provider on any of the foregoing, and (vi) all other terms, conditions and restrictions applicable to the Award or such shares not inconsistent with the terms of the Plan; (d) amend, modify, extend, cancel or renew any Award or to waive any restrictions or conditions applicable to any Award or any shares acquired upon the exercise thereof; (e) accelerate, continue, extend or defer the exercisability of any Award or the vesting of any shares acquired upon the exercise thereof, including with respect to the period following a Participant ceasing to be a Service Provider; (f) correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award Agreement and to make all other determinations and take such other actions with respect to the Plan or any Award as the Committee may deem advisable to the extent not inconsistent with the provisions of the Plan or Applicable Laws; and (g) to make all other determinations necessary or advisable for the administration of the Plan. The Committee's determinations made in good faith on matters referred to in the Plan shall be final, binding and conclusive on all persons having or claiming any interest under the Plan or an Award made pursuant hereto.

6. Authorization of Grants

- 6.1 Eligibility. The Committee may grant from time to time and at any time prior to the termination of the Plan one or more Awards, either alone or in combination with any other Awards, to any Employee, Consultant or Non-Employee Director. However, only Employees who are employees of the Company, and of any parent or subsidiary corporations of the Company, as defined in Sections 424(e) and (f), respectively, of the Code, shall be eligible for the grant of an Incentive Option.
- 6.2 General Terms of Awards.
 - (a) Terms and Conditions. Each grant of an Award shall be subject to all applicable terms and conditions of the Plan (including, but not limited to, any specific terms and conditions applicable to that type of Award set out in the following sections), and such other terms and conditions, not inconsistent with the terms of the Plan, as the Committee may prescribe. No prospective Participant shall have any rights with respect to an Award, unless and until such Participant shall have complied with the applicable terms and conditions of such Award (including, if applicable, delivering a fully executed copy of any agreement evidencing an Award to the Company).
 - (b) Minimum Vesting. Notwithstanding any other provision of the Plan to the contrary, equity-based Awards granted under the Plan shall vest no earlier than the first anniversary of the date the Award is granted; provided, that the following Awards shall not be subject to the foregoing minimum vesting requirement: any (i) Substitute Awards, (ii) Shares delivered in lieu of fully vested cash Awards, (iii) Awards to Non-Employee Directors that vest on the earlier of the one-year anniversary of the date of grant and the next annual meeting of stockholders which is at least 50 weeks after the immediately preceding year's annual meeting, and (iv) any additional Awards the Committee may grant, up to a maximum of five percent (5%) of the available share reserve authorized for issuance under the Plan; and, provided further, that the foregoing restriction does not apply to the Committee's discretion to provide for accelerated exercisability or vesting of any Award, including in cases of retirement, death, disability or a Change in Control, in the terms of the Award Agreement or otherwise.
- 6.3 Effect of Cessation of Service, Disability or Death.
 - (a) Cessation of Service. Unless the Committee shall provide otherwise with respect to any Award, if the Participant ceases to be a Service Provider for any reason other than by the Participant's Disability or death, including because of an Affiliate ceasing to be an Affiliate, (i) any outstanding Stock Right of the Participant shall cease to be exercisable in any respect not later than 90 days following the date the Participant ceases to be a Service Provider and, for the period it remains exercisable, shall be exercisable only to the extent exercisable as of the date the Participant ceased to be a Service Provider and (ii) any other outstanding Award of the Participant shall be forfeited or otherwise subject to return to or repurchase by the Company on the terms specified in the applicable Award Agreement. Cessation of the performance of services in one capacity, for example, as an Employee, shall not result in termination of an Award while the Participant continues to perform services in another capacity, for example as a Non-Employee Director. Military or sick leave or other bona fide leave approved by the Company shall not be deemed a cessation of a Participant's status

as a Service Provider, provided that it does not exceed the longer of six (6) months or the period during which the absent Participant's reemployment rights, if any, are either guaranteed by statute or by contract or permitted by Company policy. To the extent consistent with Applicable Laws, the Committee may provide that Awards continue to vest for some or all of the period of any such leave, or that their vesting shall be tolled during any such leave and only recommence upon the Participant's return from leave, if ever.

- (b) Disability of Participant. If a Participant ceases to be a Service Provider due to the Participant's Disability, any outstanding Stock Right may be exercised at any time within six months following the date the Participant ceases to be a Service Provider, but only to the extent of the accrued right to exercise as of the date the Participant ceased to be a Service Provider, subject to the condition that no Stock Right shall be exercised after its expiration in accordance with its terms.
 - (c) Death of Participant. In the event of the Participant's death during the period during which the Stock Right may be exercised, of a Participant who is at the time of his or her death an Employee, Non-Employee Director or Consultant and whose services had not ceased or been terminated (as determined with regard to the second sentence of Section 6.3 (a)) as such from the Grant Date until the date of death, the Stock Right of the Participant may be exercised at any time within six months following the date of death by such Participant's estate or by a person who acquired the right to exercise the Stock Right by bequest, inheritance or otherwise as a result of the Participant's death, but only to the extent of the accrued right to exercise at the time of the Participant's death, subject to the condition that no Stock Right shall be exercised after its expiration in accordance with its terms.
- 6.4 Non-Transferability of Awards. Except as otherwise provided in this Section 6.4, Awards shall not be transferable, and no Award or interest therein may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. All of a Participant's rights in any Award may be exercised during the life of the Participant only by the Participant or the Participant's legal representative. However, the Committee may, at or after the grant of an Award of a Nonstatutory Option, or shares of Restricted Stock, provide that such Award may be transferred by the recipient to a family member; provided, however, that any such transfer is without payment of any consideration whatsoever and that no transfer shall be valid unless first approved by the Committee, acting in its sole discretion. For this purpose, "family member" means any child, stepchild, grandchild, parent, grandparent, stepparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the Participant's household (other than a tenant or Participant), a trust in which the foregoing persons have more than 50 percent of the beneficial interests, a foundation in which the foregoing persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than 50 percent of the voting interests. The events of termination of service of Section 6.3 hereof or in the Award Agreement shall continue to be applied with respect to the original Participant, following which the Awards shall be exercisable by the transferee only to the extent, and for the periods specified in the Award Agreement or Section 6.4, as applicable.
- 6.5 Limitation on Grants of Awards to Non-Employee Directors. Notwithstanding any provision to the contrary in the Plan, a Non-Employee Director may not be granted equity Awards during any single calendar year that, taken together with any cash fees paid to such Non-Employee Director in respect of the Non-Employee Director's services as a member of the Board during such calendar year, exceeds \$800,000 in total value (calculating the value of any such Awards based on the grant date fair value of such Awards for financial accounting purposes).

7. Specific Terms of Awards

7.1 Options.

- (a) Date of Grant. An Option's Grant Date shall be specified in the applicable Award Agreement, as determined by the Committee.
- (b) Exercise Price. The price at which shares of Stock may be acquired under each Incentive Option shall be not less than 100% of the Market Value of Stock on the Grant Date, or not less than 110% of the Market Value of Stock on the Grant Date if the Optionee is a Ten Percent Owner. The price at which shares of Stock may be acquired under each Nonstatutory Option shall not be less than the Market Value of Stock on the Grant Date. Notwithstanding the foregoing, Options may be granted with an exercise price of less than 100% of the Market Value of Stock on the Grant Date pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

- (c) Option Period. No Option may be exercised on or after the tenth (10th) anniversary of the Grant Date, and, further, no Incentive Option may be exercised on or after the fifth anniversary of the Grant Date if the Optionee is a Ten Percent Owner.
- (d) Exercisability. An Option may be immediately exercisable or become exercisable in such installments, cumulative or non-cumulative, as the Committee may determine. In the case of an Option not otherwise immediately exercisable in full, the Committee may accelerate the vesting and exercisability of such Option in whole or in part at any time; provided, however, that in the case of an Incentive Option, any such acceleration of the Option would not cause the Option to fail to comply with the provisions of Section 422 of the Code or the Optionee consents to the acceleration.
- (e) Method of Exercise. An Option may be exercised by the Optionee giving written notice, in the manner provided in Section 16, specifying the number of shares of Stock with respect to which the Option is then being exercised. The notice shall be accompanied by payment in the form of cash or check payable to the order of the Company in an amount equal to the exercise price of the shares of Stock to be purchased or, subject in each instance to the Committee's approval, acting in its sole discretion, and to such conditions, if any, as the Committee may deem necessary to avoid adverse accounting effects to the Company,
 - (i) by delivery to the Company of shares of Stock having a Market Value equal to the exercise price of the shares to be purchased, or
 - (ii) by surrender of the Option as to all or part of the shares of Stock for which the Option is then exercisable in exchange for shares of Stock having an aggregate Market Value equal to the difference between (1) the aggregate Market Value of the surrendered portion of the Option, and (2) the aggregate exercise price under the Option for the surrendered portion of the Option, or
 - (iii) unless prohibited by Applicable Laws, by delivery to the Company of the Optionee's executed promissory note in the principal amount equal to the exercise price of the shares of Stock to be purchased and otherwise in such form as the Committee shall have approved, or
 - (iv) by delivery of any other lawful means of consideration which the Committee may approve.

If the Stock is traded on an established market, payment of any exercise price may also be made through and under the terms and conditions of any formal cashless exercise program authorized by the Company entailing the sale of the Stock subject to an Option in a brokered transaction (other than to the Company). Receipt by the Company of such notice and payment in any authorized or combination of authorized means shall constitute the exercise of the Option. Within 30 days thereafter but subject to the remaining provisions of the Plan, the Company shall deliver or cause to be delivered to the Optionee or his or her agent a certificate or certificates or book-entry authorization and instruction to the Company's transfer agent and registrar for the number of shares of Stock then being purchased. Such shares of Stock shall be fully paid and nonassessable. In its reasonable discretion, the Committee may suspend or halt Option exercises for such length of time as the Committee deems reasonably necessary under circumstances in which such suspension or halt is considered to be in the best interests of the Company.

- (f) Limit on Incentive Option Characterization. Notwithstanding any Option's designation as an Incentive Option, to the extent that the aggregate Market Value of the shares of Stock with respect to which Incentive Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and its Affiliates) exceeds one hundred thousand dollars (\$100,000), such Options will be treated as Nonstatutory Options.
- (g) Notification of Disposition. Each person exercising any Incentive Option granted under the Plan shall be deemed to have covenanted with the Company to report to the Company any disposition of the shares of Stock issued upon such exercise prior to the expiration of the holding periods specified by Section 422(a)(1) of the Code and, if and to the extent that the realization of income in such a disposition imposes upon the Company federal, state, local or other withholding tax requirements, or any such withholding is required to secure for the Company an otherwise available tax deduction, to remit to the Company an amount in cash sufficient to satisfy those requirements.
- (h) Participants shall not be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in the grant of an Option.

7.2 Stock Appreciation Rights.

- (a) Tandem or Stand-Alone. Stock Appreciation Rights may be granted in tandem with an Option (at or, in the case of a Nonstatutory Option, after, the award of the Option), or alone and unrelated to an Option. Stock Appreciation Rights in

tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem Stock Appreciation Rights are exercised.

- (b) Exercise Price. Stock Appreciation Rights shall have an exercise price of not less than 100% of the Market Value of the Stock on the date of award, or in the case of Stock Appreciation Rights in tandem with Options, the exercise price of the related Option.
- (c) Other Terms. Except as the Committee may deem inappropriate or inapplicable in the circumstances, Stock Appreciation Rights shall be subject to terms and conditions substantially similar to those applicable to a Nonstatutory Option. Participants shall not be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in the grant of a Stock Appreciation Right.

7.3 Restricted Stock.

- (a) Purchase Price. Shares of Restricted Stock shall be issued under the Plan for such consideration, in cash, other property or services, or any combination thereof, as is determined by the Committee.
- (b) Issuance of Certificates. Each Participant receiving a Restricted Stock Award, subject to subsection (c) below, shall be issued a stock certificate in respect of such shares of Restricted Stock. Such certificate shall be registered in the name of such Participant, and, if applicable, shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award substantially in the following form:

The shares evidenced by this certificate are subject to the terms and conditions of the 8x8, Inc. Amended and Restated 2022 Equity Incentive Plan and an Award Agreement entered into by the registered owner and 8x8, Inc., copies of which will be furnished by the Company to the holder of the shares evidenced by this certificate upon written request and without charge.

- (c) Escrow of Shares. The Committee may require that the stock certificates evidencing shares of Restricted Stock be held in custody by a designated escrow agent (which may but need not be the Company) until the restrictions thereon shall have lapsed, and that the Participant deliver a stock power, endorsed in blank, relating to the Stock covered by such Award.
- (d) Restrictions and Restriction Period. During the Restriction Period applicable to shares of Restricted Stock, such shares shall be subject to limitations on transferability and a Risk of Forfeiture arising on the basis of such conditions related to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.
- (e) Rights Pending Lapse of Risk of Forfeiture or Forfeiture of Award. Except as otherwise provided in the Plan or the applicable Award Agreement, at all times prior to lapse of any Risk of Forfeiture applicable to, or forfeiture of, an Award of Restricted Stock, the Participant shall have all of the rights of a stockholder of the Company, including the right to vote, and the right to receive any dividends with respect to, the shares of Restricted Stock, which, at the Committee's discretion, may be paid in cash or shares of Stock. Notwithstanding anything in the Plan to the contrary, dividends or other distributions declared during the Restriction Period applicable to any Award of Restricted Stock shall only become payable if (and to the extent) the Restriction Period applicable to the Award of Restricted Stock lapses with all conditions satisfied. Any such dividends shall be paid, if at all, without interest or other earnings.
- (f) Lapse of Restrictions. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock, the certificates for such shares shall be delivered to the Participant promptly if not theretofore so delivered.

7.4 Restricted Stock Units.

- (a) Character. Each Restricted Stock Unit shall entitle the Participant to one or more shares of Stock at a close of such Restriction Period as the Committee may establish and subject to a Risk of Forfeiture arising on the basis of such conditions relating to the performance of services, Company or Affiliate performance, or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.
- (b) Form and Timing of Payment. Payment of earned Restricted Stock Units shall be made in a single lump sum following the close of the applicable Restriction Period. At the discretion of the Committee, Participants may be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in grants of Restricted Stock Units. Notwithstanding anything in the Plan to the contrary, any such dividend equivalents declared during the Restriction

Period applicable to any Restricted Stock Units shall only become payable if (and to the extent) the Restriction Period applicable to the Restricted Stock Units lapses with all conditions satisfied and the Committee elects to grant rights to such dividend equivalents in its discretion. Any such dividend equivalents shall be paid, if at all, without interest or other earnings.

7.5 Performance Units.

- (a) Character. Each Performance Unit shall entitle the recipient to the value of a specified number of shares of Stock, over the initial value for such number of shares, if any, established by the Committee at the time of grant, at the close of a specified Performance Period to the extent specified Performance Goals shall have been achieved.
- (b) Earning of Performance Units. The Committee shall set Performance Goals in its discretion which, depending on the extent to which they are met within the applicable Performance Period, will determine the number and value of Performance Units that will be paid out to the Participant. After the applicable Performance Period has ended, the holder of Performance Units shall be entitled to receive payout on the number and value of Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Goals have been achieved.
- (c) Form and Timing of Payment. Payment of earned Performance Units shall be made in a single lump sum following the close of the applicable Performance Period. Participants shall not be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in grants of Performance Units, except that, at the discretion of the Committee, Participants may be entitled to receive such payments following the close of the Performance Period, only if the Performance Units have been earned. Any such dividend equivalents shall be paid, if at all, without interest or other earnings. The Committee may permit or, if it so provides at grant require, a Participant to defer such Participant's receipt of the payment of cash or the delivery of Stock that would otherwise be due to such Participant by virtue of the satisfaction of any requirements or goals with respect to Performance Units. If any such deferral election is required or permitted, the Committee shall establish rules and procedures for such payment deferrals.

7.6 Stock Grants. Stock Grants shall be awarded solely in recognition of significant prior or expected contributions to the success of the Company or its Affiliates, as an inducement to employment, in lieu of compensation otherwise already due and in such other limited circumstances as the Committee deems appropriate. Stock Grants shall be made without forfeiture conditions of any kind.

7.7 Awards to Participants Outside the United States. The Committee may modify the terms of any Award under the Plan granted to a Participant who is, at the time of grant or during the term of the Award, resident or primarily employed outside of the United States in any manner deemed by the Committee to be necessary or appropriate in order that the Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad, shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the United States. The Committee may establish supplements to, or amendments, restatements, or alternative versions of the Plan for the purpose of granting and administering any such modified Award. No such modification, supplement, amendment, restatement or alternative version may increase the Total Authorized Shares.

8. Adjustment Provisions

- 8.1 Adjustment for Corporate Actions. In the event that any dividend or other distribution (whether in the form of cash, shares of Stock, other securities, or other property), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares of Stock or other securities of the Company, or other change in the corporate structure of the Company affecting the shares of Stock occurs, the Committee, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will appropriately and proportionately adjust the number and class of shares of Stock that may be delivered under the Plan and/or the number, class, and price of shares of Stock covered by each outstanding Award (without change in the aggregate exercise price as to which any such Stock Rights remain exercisable), provided, however, that any fractional shares resulting from such adjustment shall be eliminated. Any adjustments determined by the Committee shall be final, binding and conclusive.
- 8.2 Related Matters. Any adjustment in Awards made pursuant to Section 8.1 shall be determined and made, if at all, by the Committee, acting in its sole discretion, and shall include any correlative modification of terms, including of Stock Right exercise prices, rates of vesting or exercisability, Risks of Forfeiture, applicable repurchase prices for Restricted Stock, and Performance Goals which the Committee may deem necessary or appropriate so as to ensure the rights of the Participants in their respective

Awards are not substantially diminished nor enlarged as a result of the adjustment and corporate action other than as expressly contemplated in this Section 8.

8.3 Change in Control.

- (a) Assumption, Substitution or Continuation of Outstanding Awards. In the event of a Change in Control in which the Successor proposes to assume, substitute or continue equivalent awards (with such adjustments as may be required or permitted by Section 8.1 of the Plan, with appropriate adjustments as to the number and kind of shares and prices), any substitute equivalent award must (i) have a value at least equal to the value of the Award being substituted; (ii) relate to a publicly-traded equity security of the Successor involved in the Change in Control or another publicly traded entity that is affiliated with the Successor following the Change in Control; (iii) be the same type of award as the Award being substituted; (iv) be vested to the extent the Award being substituted was vested at the time of the Change in Control and (v) have other terms and conditions (including by way of example, vesting and exercisability) that are the same or more favorable to the Participant than the terms and conditions of the Award being substituted, in each case, as reasonably determined by the Committee (as constituted prior to the Change in Control) in good faith. If a Participant's Award is assumed, substituted or continued by the Successor pursuant to this Section 8.3(a), then, subject to the remaining provisions of this Section 8.3, such Award will not vest or lapse solely as a result of the Change in Control but will instead remain outstanding under the terms pursuant to which it has been assumed, substituted, or continued and will continue to vest or lapse pursuant to such terms.
- (i) For the purposes of Section 8.3 of the Plan, an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each share of Stock subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each share of Stock held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Stock); provided, however, that if such consideration received in the Change in Control is not solely common stock of the Successor or its Parent, the Committee may, with the consent of the Successor, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of any other Award, for each share of Stock subject to such Award, to be solely common stock of the Successor or its Parent equal in fair market value to the per share consideration received by holders of shares of Stock in the Change in Control.
- (b) No Assumption, Substitution, or Continuation of Outstanding Awards. Unless otherwise provided in an applicable Award Agreement or another applicable agreement between the Company and a Participant, if for any reason outstanding Awards are not assumed, substituted, or continued pursuant to Section 8.3(a), such outstanding Awards will be subject to the following rules, in each case effective immediately prior to such Change in Control but conditioned upon completion of such Change in Control, with any corresponding payments made as soon as reasonably practicable after the Change in Control, but no later than within 30 days following the date of the Change in Control:
- (i) Options and Stock Appreciation Rights. All Options and Stock Appreciation Rights will become fully vested and exercisable. The Committee will give Participants a reasonable opportunity (at least 30 days if practicable) to exercise any or all Options and Stock Appreciation Rights before the consummation of the transaction resulting in the Change in Control, provided that any such exercise will be contingent upon and subject to the occurrence of the Change in Control and if the Change in Control does not take place within a specified period after giving such notice for any reason whatsoever, the exercise will be null and void and such Options and Stock Appreciation Rights will be restored to their status as if there had been no Change in Control. If a Participant does not exercise all Options and Stock Appreciation Rights prior to the Change in Control, the Committee will pay such Participant in exchange for the cancellation of each such unexercised Option and Stock Appreciation Right the difference between the exercise price for such Option or Stock Appreciation Right and the consideration per share of Stock provided to other similarly situated stockholders in such Change in Control; provided, however, that if the exercise price of such Option or Stock Appreciation Right exceeds the aforementioned consideration provided, then such unexercised Option or Stock Appreciation Right will be canceled and terminated without any payment.
- (ii) Vesting of Restricted Stock Units and Lapse of Restricted Stock Restrictions, for Awards that are not Performance-Based Awards. All restrictions imposed on Restricted Stock Units and Restricted Stock that do

not have Performance Goals will lapse and be of no further force and effect, such that all such Restricted Stock Units and Restricted Stock will become fully vested and no longer subject to a Risk of Forfeiture and the Restriction Period shall lapse, and Restricted Stock Units will be settled and paid in cash and/or shares of Stock at the Committee's discretion, and Restricted Stock will be paid in cash and/or shares of Stock at the Committee's discretion; provided, however that if any such payment is to be made in shares of Stock, the Committee may in its discretion, provide such holders the consideration provided to other similarly situated stockholders in such Change in Control.

- (iii) Vesting, Payment and Achievement of Performance-Based Awards. All Performance-Based Awards for which the Performance Period has been completed as of the date of the Change in Control but have not yet been paid will vest and be paid in cash and/or shares of Stock at such time at the Committee's discretion, with all Performance Goals to be deemed achieved at actual performance. Unless otherwise provided in an applicable Award Agreement or another applicable agreement between the Company and a Participant, all Performance-Based Awards for which the Performance Period has not been completed as of the date of the Change in Control will, with respect to each Performance Goal or other vesting criteria, be deemed achieved at the greater of (x) one hundred percent (100%) of target levels and (y) actual performance measured on the date of the Change in Control as determined by the Committee, in each case, with all other terms and conditions met, and vest and be paid out for the entire Performance Period (and not pro rata), with the manner of payment to be made in cash or shares of Stock at the Committee's discretion; provided, however that if any such payment is to be made in shares of Stock, the Committee may in its reasonable discretion, provide such holders the consideration provided to other similarly situated stockholders in such Change in Control.
 - (iv) Notwithstanding anything in Section 8.3 to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its Successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the Successor's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.
 - (c) Termination, Amendment and Modifications of Change in Control Provisions; Other Agreements. Notwithstanding any other provision of the Plan or any Award Agreement provision, the provisions of Section 8.3 of the Plan may not be terminated, amended, or modified in any manner that adversely affects any then-outstanding Award or Award Participant without the prior written consent of the Participant, unless for the purpose of complying with Applicable Laws and regulations.
 - (d) Limitation on Change in Control Payments. Notwithstanding anything in Section 8.3 of the Plan to the contrary, if, with respect to a Participant, the acceleration of the vesting of an Award or the payment of cash in exchange for all or part of the Award (i) could be deemed a "parachute payment" within the meaning of Section 280G of the Code and (ii) but for Section 8.3 of the Plan, would be subject to an Excise Tax, then the "payments" to such Participant pursuant to Section 8.3 of the Plan shall be either (a) delivered in full, or (b) delivered as to a reduced amount that would result in no portion of such payments or benefits being subject to the Excise Tax; whichever of the foregoing amounts, taking into account the applicable federal, state, local and foreign income and employment taxes and the Excise Tax, results in the receipt by the Participant on an after-tax basis, of the greatest amount of benefit, notwithstanding that all or some portion of such benefits may be taxable under Section 4999 of the Code. In the event that any Excise Tax is imposed on any payments under the Plan, the Participant will be fully responsible for the payment of any and all Excise Tax, and the Company and its Affiliates will not be obligated to pay all or any portion of any Excise Tax. All computations and determinations called for by Section 8.3(d) shall be promptly determined and reported in writing to the Company and the applicable Participant by independent public accountants or other independent advisors selected by the Company and reasonably acceptable to the applicable Participant (the "Accountants"), and all such computations and determinations shall be conclusive and binding upon the applicable Participant and the Company. For the purposes of such determinations, the Accountants may rely on reasonable, good faith interpretations concerning the application of Sections 280G and 4999 of the Code. The Company and the applicable Participant shall furnish to the Accountants such information and documents as the Accountants may reasonably request in order to make their required determinations. The Company shall bear all fees and expenses charged by the Accountants in connection with these services.
- 8.4 Clawback. If the Committee determines that a Participant has intentionally committed an act of embezzlement, fraud, dishonesty, or breach of fiduciary duty during the Participant's employment that contributed to an obligation to restate the

Company's financial statements, the Participant shall be required to repay to the Company, in cash and upon demand, Award Proceeds (defined below) resulting from any sale or other disposition of shares of Stock issued or issuable under an Award (a) if the sale or disposition was effected during the twelve-month period following the first public issuance or filing with the SEC of the financial statements required to be restated, or (b) if the shares of Stock were issued as a result of vesting criteria that were determined to be satisfied based all or in part on the financial statements required to be restated. In the preceding sentence, "Award Proceeds" means, with respect to any sale or other distribution, an amount determined appropriate by the Committee to reflect the effect of the restatement on the Company's stock price, up to the amount equal to the number of shares of Stock sold or disposed multiplied by the excess of Market Value at the time of such sale or disposition over the amount paid, if any, to purchase such shares of Stock.

Notwithstanding any other provision of the Plan to the contrary, all Awards granted under the Plan shall be and remain subject to any incentive compensation clawback or recoupment policy of the Company currently in effect or as may be adopted by the Company and, in each case, as may be amended from time to time. No such policy adoption or amendment shall require a Participant's prior consent.

9. Settlement of Awards

- 9.1 In General. Awards of Restricted Stock shall be settled in accordance with their terms. All other Awards may be settled in cash or Stock, or a combination thereof, as determined by the Committee at or after grant and subject to any contrary applicable Award Agreement. The Committee may not require settlement of any Award in Stock pursuant to the immediately preceding sentence to the extent issuance of such Stock would be prohibited or unreasonably delayed by reason of any other provision of the Plan.
- 9.2 Violation of Law. Notwithstanding any other provision of the Plan or the relevant Award Agreement, if, at any time, in the reasonable opinion of the Company, the issuance of shares of Stock covered by an Award may constitute a violation of Applicable Laws, then the Company may delay such issuance and the delivery of a certificate for such shares until (i) approval shall have been obtained from such governmental agencies, other than the Securities and Exchange Commission, as may be required under any Applicable Laws, rule, or regulation and (ii) in the case where such issuance would constitute a violation of a law administered by or a regulation of the Securities and Exchange Commission, one of the following conditions shall have been satisfied:
 - (a) the shares of Stock are at the time of the issue of such shares effectively registered under the Securities Act of 1933, as amended; or
 - (b) the Company shall have determined, on such basis as it deems appropriate (including an opinion of counsel in form and substance satisfactory to the Company) that the sale, transfer, assignment, pledge, encumbrance or other disposition of such shares does not require registration under the Securities Act of 1933, as amended or any applicable State securities laws.
- 9.3 Corporate Restrictions on Rights in Stock. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, and by-laws, of the Company, as applicable.
- 9.4 Investment Representations. The Company shall be under no obligation to issue any shares of Stock covered by any Award unless the shares to be issued pursuant to Awards granted under the Plan have been effectively registered under the Securities Act of 1933, as amended, or the Participant shall have made such written representations to the Company (upon which the Company believes it may reasonably rely) as the Company may deem necessary or appropriate for purposes of confirming that the issuance of such shares will be exempt from the registration requirements of the Securities Act of 1933 and any applicable state securities laws and otherwise in compliance with all Applicable Laws, rules and regulations, including, but not limited to, that the Participant is acquiring the shares for his or her own account for the purpose of investment and not with a view to, or for sale in connection with, the distribution of any such shares.
- 9.5 Registration. If the Company shall deem it necessary or desirable to register under the Securities Act of 1933, as amended, or other applicable statutes any shares of Stock issued or to be issued pursuant to Awards granted under the Plan, or to qualify any such shares of Stock for exemption from the Securities Act of 1933, as amended or other applicable statutes, then the Company shall take such action at its own expense. The Company may require from each recipient of an Award, or each holder of shares of Stock acquired pursuant to the Plan, such information in writing for use in any registration statement, prospectus, preliminary prospectus or offering circular as is reasonably necessary for that purpose and may require reasonable indemnity

to the Company and its officers and directors from that holder against all losses, claims, damage and liabilities arising from use of the information so furnished.

- 9.6 Certificates. All certificates for shares of Stock or other securities delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of any stock exchange upon which the Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions.
- 9.7 Tax Withholding. Whenever shares of Stock are issued or to be issued pursuant to Awards granted under the Plan, the Company shall have the right to require the Participant to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements if, when, and to the extent required by law (whether so required to secure for the Company an otherwise available tax deduction or otherwise) or as provided below, prior to the delivery of any certificate or certificates for such shares. The obligations of the Company under the Plan shall be conditional on satisfaction of all such withholding obligations and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant, including, without limitation, pursuant to the Company's delivery of an irrevocable direction to a securities broker (on a form prescribed by the Committee) to sell shares of Stock and to deliver all or part of the sale proceeds to the Company in payment of the amount necessary to satisfy the minimum tax or social insurance obligations required by law to be withheld in respect of Awards and any Greater Amount (as defined below) (such arrangement, a "Sale to Cover Arrangement"). In the Committee's discretion, the Company's foregoing rights to (i) to have the Participant remit to the Company amounts to satisfy tax withholding requirements and (ii) to deduct any such taxes from any payment of any kind otherwise due to the Participant, shall extend to the minimum tax or social insurance obligations required by law to be withheld in respect of Awards, or, if applicable, such other withholding amount (a "Greater Amount") as mutually agreed upon by the Company and the Participant, up to the sum of all applicable statutory maximum rates (provided, in the case of a Participant who is an Officer, that such other amount is approved in advance by the Committee or the Board), and provided further, that if any part of such amount is permitted by the Committee at its discretion to be paid in shares of Stock, such shares of Stock shall be valued at their Market Value on the date the applicable tax is incurred. Participants may elect, subject to the approval of the Committee, acting in its sole discretion, to satisfy an applicable withholding requirement, in whole or in part, by having the Company withhold shares of Stock to satisfy their tax obligations or by means of a Sale to Cover Arrangement. However, unless a corresponding Greater Amount is approved in advance by the Committee or the Board, Participants who elect, subject to the approval of the Committee, to satisfy an applicable withholding requirement, in whole or in part, by having the Company withhold shares of Stock to satisfy their tax obligation, may only elect to have shares of Stock withheld having a Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. All elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee deems appropriate. Any determination that a tax withholding obligation has arisen shall be made without regard to the potential applicability of Section 83(c) of the Code.
- 9.8 Company Charter and By-Laws; Other Company Policies. This Plan and all Awards granted under the Plan (including the exercise, settlement or exchange of an Award) are subject to and must comply with the certificate of incorporation and by-laws of the Company, as they may be amended from time to time, and all other Company policies duly adopted by the Board, the Committee or any other committee of the Board as in effect from time to time regarding the acquisition, ownership or sale of Stock by Employees and other Service Providers, including, without limitation, policies intended to limit the potential for insider trading and to avoid or recover compensation payable or paid on the basis of inaccurate financial results or statements, employee conduct, and other similar events.
- 9.9 Dividends and Dividend Equivalents. Notwithstanding anything in the Plan to the contrary, dividend and dividend equivalent and other distribution amounts the Committee grants with respect to any Award (or share of Stock underlying an Award) may be accrued but not paid to a Participant until all conditions or restrictions relating to such Award and/or share of Stock have been satisfied or lapsed and shall be forfeited if all of such conditions or restrictions are never satisfied or lapse.

10. Reservation of Stock

The Company shall at all times during the term of the Plan and while any Awards are outstanding under the Plan reserve or otherwise keep available such number of shares of Stock as will be sufficient to satisfy the requirements of the Plan (if then in effect) and such Awards.

11. Limitation of Rights in Stock; No Special Service Rights

A Participant shall not be deemed for any purpose to be a stockholder of the Company with respect to any of the shares of Stock subject to an Award, unless and until a certificate shall have been issued therefor and delivered to the Participant or his or her agent. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the certificate of incorporation and the by-laws of the Company. Nothing contained in the Plan or in any Award Agreement shall confer upon any recipient of an Award any right with respect to the continuation of his or her employment or other association with the Company (or any Affiliate), or interfere in any way with the right of the Company (or any Affiliate), subject to the terms of any separate employment or consulting agreement or provision of law or certificate of incorporation or by-laws to the contrary, at any time to terminate such employment or consulting agreement or to increase or decrease, or otherwise adjust, the other terms and conditions of the recipient's employment or other association with the Company and its Affiliates.

12. Unfunded Status of Plan

The Plan is intended to constitute an "unfunded" plan for incentive compensation, and the Plan is not intended to constitute a plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments with respect to Stock Rights and other Awards hereunder, provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

13. Nonexclusivity of the Plan

Neither the adoption of the Plan by the Board nor any action taken in connection with the adoption or operation of the Plan shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation, the granting of stock options and restricted stock other than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

14. No Guarantee of Tax Consequences

Neither the Company nor any Affiliate, nor any director, officer, agent, representative or employee of either, guarantees to the Participant or any other person any particular tax consequences as a result of the grant of, exercise of rights under, or payment in respect of an Award, including, but not limited to, that an Option granted as an Incentive Option has or will qualify as an "incentive stock option" within the meaning of Section 422 of the Code or that the provisions and penalties of Section 409A of the Code, pertaining non-qualified plans of deferred compensation, will or will not apply.

15. Termination and Amendment of the Plan

- 15.1 Termination or Amendment of the Plan. Subject to the limitations contained in Section 15.3 below, including specifically the requirement of stockholder approval if applicable, the Board may at any time terminate the Plan or make such modifications of the Plan as it shall deem advisable. Unless the Board otherwise expressly provides, no amendment of the Plan shall affect the terms of any Award outstanding on the date of such amendment.
- 15.2 No Repricing and No Cash Buyout. Other than in connection with an adjustment to an Award pursuant to Section 8, the Company shall not, without stockholder approval, at any time when the exercise price per share of Stock of an Option or SAR is greater than Market Value of the underlying shares of Stock, reduce the exercise price of such Option or SAR or exchange such Option or SAR for a new Award with a lower (or no) purchase price or for cash.
- 15.3 Limitations on Amendments, Etc.

Without the approval of the Company's stockholders, no amendment or modification of the Plan by the Board may (i) increase the number of shares of Stock which may be issued under the Plan (except in accordance with Section 8.1 herein, to the extent stockholder approval is not required by Applicable Law), (ii) change the description of the persons eligible for Awards, (iii) implement an Exchange Program or (iv) effect any other change for which stockholder approval is required by Applicable Law.

No amendment or modification of the Plan by the Board, or of an outstanding Award by the Committee, shall impair the rights of the recipient of any Award outstanding on the date of such amendment or modification or such Award, as the case may be, without the Participant's consent; provided, however, that no such consent shall be required if (i) the Board or Committee, as the case may be, determines in its sole discretion and prior to the date of any Change in Control that such amendment or alteration either is required or

advisable in order for the Company, the Plan or the Award to satisfy any law or regulation, including without limitation the provisions of Section 409A of the Code, or to meet the requirements of or avoid adverse financial accounting consequences under any accounting standard, or (ii) the Board or Committee, as the case may be, determines in its sole discretion and prior to the date of any Change in Control that such amendment or alteration is not reasonably likely to significantly diminish the benefits provided under the Award, or that any such diminution has been adequately compensated.

16. Notices and Other Communications

Any notice, demand, request or other communication hereunder to any party shall be deemed to be sufficient if contained in a written instrument delivered in person or duly sent by first class registered, certified or overnight mail, postage prepaid, or telecopied with a confirmation copy by regular, certified or overnight mail, addressed or telecopied, as the case may be, (i) if to the recipient of an Award, at his or her residence address last filed with the Company and (ii) if to the Company, at its principal place of business, addressed to the attention of its General Counsel or to such other address or telecopier number, as the case may be, as the addressee may have designated by notice to the addressor. All such notices, requests, demands and other communications shall be deemed to have been received: (i) in the case of personal delivery, on the date of such delivery; (ii) in the case of mailing, when received by the addressee; and (iii) in the case of facsimile transmission, when confirmed by facsimile machine report.

17. Administrative Provisions

Nothing contained in the Plan shall require the issuance or delivery of certificates for any period during which the Company has elected to maintain or caused to be maintained the evidence of ownership of its shares of Stock, either generally or in the case of Stock acquired pursuant to Awards, by book entry, and all references herein to such actions or to certificates shall be interpreted accordingly in light of the systems maintained for that purpose. Furthermore, any reference herein to actions to be taken or notices (including of grants of Awards) to be provided in writing or pursuant to specific procedures may be satisfied by means of and pursuant to any electronic or automated voice response systems the Company may elect to establish for such purposes, either by itself or through the services of a third party, for the period such systems are in effect.

18. Limitations Applicable to Section 16 Insiders

Notwithstanding any other provision of the Plan, the Plan and any Award granted or awarded to any individual who is then subject to Section 16 of the Exchange Act shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including Rule 16b-3 and any amendments thereto) that are requirements for the application of such exemptive rule. To the extent permitted by Applicable Laws, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

19. Compliance With Section 409A of the Code

The Plan as well as payments and benefits under the Plan are intended to be exempt from, or to the extent subject thereto, to comply with Section 409A of the Code and any regulations or guidance promulgated thereunder ("Section 409A"), and, accordingly, to the maximum extent permitted, the Plan shall be interpreted in accordance therewith. Notwithstanding anything contained herein to the contrary, to the extent required in order to avoid accelerated taxation and/or tax penalties under Section 409A, a Participant shall not be considered to have terminated employment or service with the Company or an Affiliate for purposes of the Plan and no payment shall be due to the Participant under the Plan or any Award until the Participant would be considered to have incurred a "separation from service" from the Company or any Affiliate within the meaning of Section 409A. Any payments described in the Plan that are due within the "short term deferral period" as defined in Section 409A shall not be treated as deferred compensation unless Applicable Laws require otherwise. Notwithstanding anything to the contrary in the Plan, to the extent that any Awards are payable upon a separation from service and such payment would result in the imposition of any individual tax and penalty interest charges imposed under Section 409A, the settlement and payment of such awards (or other amounts) shall instead be made on the first business day after the date that is six (6) months following such separation from service (or death, if earlier). Each amount to be paid or benefit to be provided under this Plan shall be construed as a separate identified payment for purposes of Section 409A. The Company makes no representation that any or all of the payments or benefits described in this Plan will be exempt from or comply with Section 409A and makes no undertaking to preclude Section 409A from applying to any such payment. The Participant shall be solely responsible for the payment of any taxes and penalties incurred under Section 409A and comparable provisions of any applicable state or local income tax laws. Notwithstanding anything to the contrary in the Plan or any Award, if and to the extent the Committee shall determine that the terms of any Award may result in the failure of such Award to comply with or be exempt from the requirements of Section 409A, the Committee shall have authority to take such action to amend, modify, cancel or terminate the

Plan or any Award as it deems necessary or advisable to bring such Award into compliance with or maintain an exemption from Section 409A.

20. Governing Law

The Plan and, except as otherwise provided in an applicable Award Agreement, all actions taken thereunder, shall be governed, interpreted and enforced in accordance with the laws of the state of Delaware, without regard to the conflicts of laws principles thereof.

3. Shares Subject to the Plan; Term of the Plan

3.1 Number of Shares. Subject to Section 7.1, the aggregate number of shares of Stock that have been reserved for issuance pursuant to this Plan is Seven Million, Nine Hundred and Fifty Thousand (7,950,000) shares, and at no time shall the number of shares of Stock issued pursuant to or subject to outstanding Awards granted under the Plan exceed such number. For purposes of applying the foregoing limitation, settlement of any Award shall not count against the foregoing limitations except to the extent settled in the form of Stock and, without limiting the generality of the foregoing:

if any Option or Stock-settled Stock Appreciation Right expires, terminates, or is cancelled for any reason without having been exercised in full, or if any other Award is forfeited by the recipient or repurchased at less than its Market Value as a means of effecting a forfeiture, the shares of Stock not purchased by the Optionee or which are forfeited by the recipient or repurchased shall again be available for Awards to be granted under the Plan;

if any Option is exercised by delivering previously owned shares of Stock in payment of the exercise price therefor, only the net number of shares, that is, the number of shares of Stock issued minus the number received by the Company in payment of the exercise price, shall be considered to have been issued pursuant to an Award granted under the Plan; and

any shares of Stock either tendered or withheld in satisfaction of tax withholding obligations of the Company or an Affiliate shall again be available for issuance under the Plan.

Shares of Stock issued pursuant to the Plan may be either authorized but unissued shares or shares held by the Company in its treasury.

3.2 Term. Unless the Plan shall have been earlier terminated by the Board, Awards may be granted under this Plan at any time in the period commencing on the Effective Date and ending immediately prior to the tenth (10th) anniversary thereof. Awards granted pursuant to the Plan within that period shall not expire solely by reason of the termination of the Plan.

4.Administration

In all events the Plan shall be administered by the Independent Board or Committee in compliance with Manual Rule 303A.08 (and any successor thereto) of the Listing Rules of the New York Stock Exchange or Rule 5635(c)(4) of the Nasdaq Listing Rules (and any successor thereto), or of any successor national stock exchange on which the Stock shall be listed during the term of the Plan, which are collectively referred to as the Listing Rules. The grant of any Award under the Plan must be approved by a majority of the members of the Board (each of whom is an "independent director" as defined in the Listing Rules) or by the Company's independent compensation committee (as intended under the Listing Rules). The Plan shall be administered by the Committee, provided, however, that at any time and on any one or more occasions the Independent Board may itself exercise any of the powers and responsibilities assigned the Committee under the Plan and when so acting shall have the benefit of all of the provisions of the Plan pertaining to the Committee's exercise of its authorities hereunder. Subject to the provisions of the Plan, the Committee shall have complete authority, in its discretion, to make or to select the manner of making all determinations with respect to each Award to be granted by the Company under the Plan, including the new employee to receive the Award and the form of Award. All Awards of Stock or which otherwise entitle the Award recipient to acquire any shares of Stock shall be made from the authorized but unissued shares of Stock of the Company. The Committee, or the Independent Board, shall determine in its sole discretion how many shares of Stock to issue under this Plan in the aggregate. In making its determinations, the Committee may take into account the nature of the services to be rendered by the new employees, their potential contributions to the success of the Company and its Affiliates, and such other factors as the Committee in its discretion shall deem relevant. Subject to the provisions of the Plan, the Committee shall also have complete authority to: (a) interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it; (b) approve one or more forms of Award Agreement; (c) determine the initial terms and provisions of the respective Award Agreements (which need not be identical), including, without limitation, as applicable, (i) the exercise price of the Award, (ii) the method of payment for shares of Stock purchased upon the exercise of the Award, (iii) the timing, terms and conditions of the exercisability of the Award or the vesting of any shares acquired upon the exercise thereof, (iv) the time of the expiration of the Award, (v) the effect of the Participant's termination of employment or other association with the Company on any of the foregoing, and (vi) all other terms, conditions and restrictions applicable to the Award or such shares not inconsistent with the terms of the Plan; (d) amend, modify, extend, cancel or renew any Award or to waive any restrictions or conditions applicable to any Award or any shares acquired upon the exercise thereof; (e) accelerate, continue, extend or defer the exercisability of any Award or the vesting of any shares acquired upon the exercise thereof, including with respect to the period following a Participant's termination of employment or other association with the Company; (f) correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award Agreement and to make all other determinations and take such other actions with respect to the Plan or any Award as the Committee may deem advisable to the extent not inconsistent with the provisions of the Plan or applicable law; and (g) make all other determinations necessary or advisable for the administration of the Plan. The Committee's determinations made in good faith on matters referred to in the Plan shall be final, binding and conclusive on all persons having or claiming any interest under the Plan or an Award made pursuant hereto.

5.Authorization of Grants

5.1 Eligibility. Persons eligible for Awards shall consist of employees whose potential contribution, in the judgment of the Committee, will benefit the future success of the Company and/or an

Affiliate. Offers of Awards may be made prior to the commencement of employment with the Company or an Affiliate, but Awards may be granted only effective on or after the commencement of such employment to persons not previously an employee or director of the Company, or following a bona fide period of non-employment, as an inducement material to the individual's entering into employment with the Company within the meaning of Manual Rule 303A.08 of the New York Stock Exchange or Rule 5635(c)(4) of the Nasdaq Listing Rules (or applicable replacement rules or regulations). In addition, notwithstanding any other provision of the Plan to the contrary, all Awards must be granted either by the Independent Board or the Committee.

5.2 General Terms of Awards. Each grant of an Award shall be subject to all applicable terms and conditions of the Plan (including but not limited to any specific terms and conditions applicable to that type of Award set out in the following Section), and such other terms and conditions, not inconsistent with the terms of the Plan, as the Committee may prescribe. No prospective Participant shall have any rights with respect to an Award, unless and until such Participant has executed an Award Agreement evidencing the Award, delivered a fully executed copy thereof to the Company, and otherwise complied with the applicable terms and conditions of such Award.

5.3 Effect of Termination of Employment, Disability or Death.

- A. **Termination of Employment.** Unless the Committee shall provide otherwise with respect to any Award, if the Participant's employment or other association with the Company and its Affiliates ends for any reason other than by total disability or death, including because of an Affiliate ceasing to be an Affiliate, (a) any outstanding Stock Right of the Participant shall cease to be exercisable in any respect not later than 90 days following that event and, for the period it remains exercisable following that event, shall be exercisable only to the extent exercisable at the date of that event, and (b) any other outstanding Award of the Participant shall be forfeited or otherwise subject to return to or repurchase by the Company on the terms specified in the applicable Award Agreement. Cessation of the performance of services in one capacity, for example, as an employee, shall not result in termination of an Award while the Participant continues to perform services in another capacity, for example as a director. Military or sick leave or other bona fide leave approved by the Company shall not be deemed a termination of employment or other association, provided that it does not exceed the longer of six (6) months or the period during which the absent Participant's reemployment rights, if any, are either guaranteed by statute or by contract or permitted by Company policy. To the extent consistent with applicable law, the Committee may provide that Awards continue to vest for some or all of the period of any such leave, or that their vesting shall be tolled during any such leave and only recommence upon the Participant's return from leave, if ever.
- B. **Disability of Participant.** If a Participant's employment or other association with the Company and its Affiliates ends due to disability (as defined in Section 22(e)(3) of the Code), any outstanding Stock Right may be exercised at any time within six months following the date of termination of service, but only to the extent of the accrued right to exercise at the time of termination of service, subject to the condition that no Stock Right shall be exercised after its expiration in accordance with its terms.
- C. **Death of Participant.** In the event of the death during the Option period, or period during which the Stock Appreciation Right may be exercised, of a Participant who is at the time of his or her death an employee, director or consultant and whose services had not ceased or been terminated (as determined with regard to the second sentence of Section 5.3(a)) as such from the Grant Date until the date of death, the Stock Right of the Participant may be exercised at any time within six months following the date of death by such Participant's estate or by a person who acquired the right to exercise the Stock Right by bequest, inheritance or otherwise as a result of the
-

Participant's death, but only to the extent of the accrued right to exercise at the time of death, subject to the condition that no Stock Right shall be exercised after its expiration in accordance with its terms.

5.4 Transferability of Awards. Except as otherwise provided in this Section 5.4, Awards shall not be transferable, and no Award or interest therein may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. All of a Participant's rights in any Award may be exercised during the life of the Participant only by the Participant or the Participant's legal representative. However, the Committee may, at or after the grant of an Award of an Option or shares of Restricted Stock, provide that such Award may be transferred by the recipient to a family member; provided, however, that any such transfer is without payment of any consideration whatsoever and that no transfer shall be valid unless first approved by the Committee, acting in its sole discretion. For this purpose, "family member" means any child, stepchild, grandchild, parent, grandparent, stepparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee's household (other than a tenant or employee), a trust in which the foregoing persons have more than 50 percent of the beneficial interests, a foundation in which the foregoing persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than 50 percent of the voting interests. The events of termination of service of Section 5.3 hereof or in the Award Agreement shall continue to be applied with respect to the original Participant, following which the Awards shall be exercisable by the transferee only to the extent, and for the periods specified in the Award Agreement or Section 5.3, as applicable.

6. Specific Terms of Awards

6.1 Options.

- A. **Date of Grant.** The granting of an Option shall take place at the time specified in the Award Agreement. Only if expressly so provided in the applicable Award Agreement shall the Grant Date be the date on which the Award Agreement shall have been duly executed and delivered by the Company and the Optionee.
 - B. **Exercise Price.** The price at which shares of Stock may be acquired under each Option shall be the Market Value of Stock on the Grant Date, except as provided otherwise by the Committee upon the grant of the Option.
 - C. **Option Period.** No Option may be exercised on or after the tenth anniversary of the Grant Date, except as provided otherwise by the Committee upon the grant of the Option.
 - D. **Exercisability.** An Option may be immediately exercisable or become exercisable in such installments, cumulative or non-cumulative, as the Committee may determine. In the case of an Option not otherwise immediately exercisable in full, the Committee may Accelerate such Option in whole or in part at any time.
 - E. **Method of Exercise.** An Option may be exercised by the Optionee giving written notice, in the manner provided in Section 14, specifying the number of shares of Stock with respect to which the Option is then being exercised. The notice shall be accompanied by payment in the form of cash or check payable to the order of the Company in an amount equal to the exercise price of the shares of Stock to be purchased or, subject in each instance to the Committee's approval, acting in its sole discretion, and to such conditions, if any, as the Committee may deem necessary to avoid adverse accounting effects to the Company,
-

- I. by delivery to the Company of shares of Stock having a Market Value equal to the exercise price of the shares to be purchased, or
- II. by surrender of the Option as to all or part of the shares of Stock for which the Option is then exercisable in exchange for shares of Stock having an aggregate Market Value equal to the difference between (1) the aggregate Market Value of the surrendered portion of the Option, and (2) the aggregate exercise price under the Option for the surrendered portion of the Option, or
- III. unless prohibited by applicable law, by delivery to the Company of the Optionee's executed promissory note in the principal amount equal to the exercise price of the shares of Stock to be purchased and otherwise in such form as the Committee shall have approved, or
- IV. by delivery of any other lawful means of consideration which the Committee may approve.

If the Stock is traded on an established market, payment of any exercise price may also be made through and under the terms and conditions of any formal cashless exercise program authorized by the Company entailing the sale of the Stock subject to an Option in a brokered transaction (other than to the Company). Receipt by the Company of such notice and payment in any authorized or combination of authorized means shall constitute the exercise of the Option. Within 30 days thereafter but subject to the remaining provisions of the Plan, the Company shall deliver or cause to be delivered to the Optionee or his agent a certificate or certificates or book-entry authorization and instruction to the Company's transfer agent and registrar for the number of shares then being purchased. Such shares of Stock shall be fully paid and nonassessable. In its reasonable discretion, the Committee may suspend or halt Option exercises for such length of time as the Committee deems reasonably necessary under circumstances in which such suspension or halt is considered to be in the best interests of the Company.

6.2 Stock Appreciation Rights.

- A. Tandem or Stand-Alone. Stock Appreciation Rights may be granted in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. Stock Appreciation Rights in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem Stock Appreciation Rights are exercised.
- B. Exercise Price. Stock Appreciation Rights shall have an exercise price of not less than the Market Value of the Stock on the date of award, or in the case of Stock Appreciation Rights in tandem with Options, the exercise price of the related Option.
- C. Other Terms. Except as the Committee may deem inappropriate or inapplicable in the circumstances, Stock Appreciation Rights shall be subject to terms and conditions substantially similar to those applicable to an Option. In addition, a Stock Appreciation Right related to an Option which can only be exercised during limited periods following a Corporate Transaction may entitle the Participant to receive an amount based upon the highest price paid or offered for Stock in any transaction relating to the Corporate Transaction or paid during the 30-day period immediately preceding the occurrence of the Corporate Transaction in any transaction reported in the stock market in which the Stock is normally traded.

6.3 Restricted Stock.

- A. Purchase Price. Shares of Restricted Stock shall be issued under the Plan for such consideration, in cash, other property or services, or any combination thereof, as is determined by the Committee.
-

- B. Issuance of Certificates. Each Participant receiving a Restricted Stock Award, subject to subsection (c) below, shall be issued a stock certificate in respect of such shares of Restricted Stock, or if issued in uncertificated form, shall be registered in the name of the Participant on the books of the Company's transfer agent and registrar. Such certificate or uncertificated shares shall be registered in the name of such Participant, and, if applicable, the certificate or the books of the Company's transfer agent and registrar shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Award substantially in the following form:

The shares evidenced by this certificate are subject to the terms and conditions of the 8x8, Inc. Amended and Restated 2017 New Employee Inducement Incentive Plan and an Award Agreement entered into by the registered owner and 8x8, Inc., copies of which will be furnished by the Company to the holder of the shares evidenced by this certificate upon written request and without charge.

- C. Escrow of Shares. The Committee may require that the stock certificates evidencing shares of Restricted Stock be held in custody by a designated escrow agent (which may but need not be the Company) until the restrictions thereon shall have lapsed, and that the Participant deliver a stock power, endorsed in blank, relating to the Stock covered by such Award.
- D. Restrictions and Restriction Period. During the Restriction Period applicable to shares of Restricted Stock, such shares shall be subject to limitations on transferability and a Risk of Forfeiture arising on the basis of such conditions related to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.
- E. Rights Pending Lapse of Risk of Forfeiture or Forfeiture of Award. Except as otherwise provided in the Plan or the applicable Award Agreement, at all times prior to lapse of any Risk of Forfeiture applicable to, or forfeiture of, an Award of Restricted Stock, the Participant shall have all of the rights of a stockholder of the Company, including the right to vote, and the right to receive any dividends with respect to, the shares of Restricted Stock (but any dividends or other distributions payable in shares of Stock or other securities of the Company shall constitute additional Restricted Stock, subject to the same Risk of Forfeiture as the shares of Restricted Stock in respect of which such shares of Stock or other securities are paid). The Committee, as determined at the time of Award, may permit or require the payment of cash dividends to be deferred and, if the Committee so determines, reinvested in additional Restricted Stock to the extent shares of Stock are available under Section 3.1.
- F. Lapse of Restrictions. If and when the Restriction Period expires without a prior forfeiture of the Restricted Stock, the certificates for such shares shall be delivered to the Participant promptly if not theretofore so delivered.

6.4 Restricted Stock Units.

- A. Character. Each Restricted Stock Unit shall entitle the recipient to a share of Stock at the close of such Restriction Period as the Committee may establish and subject to a Risk of Forfeiture arising on the basis of such conditions relating to the performance of services, Company or Affiliate performance or otherwise as the Committee may determine and provide for in the applicable Award Agreement. Any such Risk of Forfeiture may be waived or terminated, or the Restriction Period shortened, at any time by the Committee on such basis as it deems appropriate.
-

- B. Form and Timing of Payment. Payment of earned Restricted Stock Units shall be made in a single lump sum following the close of the applicable Restriction Period unless the applicable Award Agreement provides for a later settlement date in compliance with Section 409A of the Code. At the discretion of the Committee, Participants may be entitled to receive payments equivalent to any dividends declared with respect to Stock referenced in grants of Restricted Stock Units but only following the close of the applicable Restriction Period and then only if the underlying Stock shall have been earned. Unless the Committee shall provide otherwise, any such dividend equivalents shall be paid, if at all, without interest or other earnings.

6.5 Performance Units.

- A. Character. Each Performance Unit shall entitle the recipient to the value of a specified number of shares of Stock, over the initial value for such number of shares, if any, established by the Committee at the time of grant, at the close of a specified Performance Period to the extent specified business objectives, including, but not limited to, Performance Goals, shall have been achieved.
- B. Earning of Performance Units. The Committee shall set Performance Goals or other business objectives in its discretion which, depending on the extent to which they are met within the applicable Performance Period, will determine the number and value of Performance Units that will be paid out to the Participant. After the applicable Performance Period has ended, the holder of Performance Units shall be entitled to receive payout on the number and value of Performance Units earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding Performance Goals or other business objectives have been achieved.
- C. Form and Timing of Payment. Payment of earned Performance Units shall be made in a single lump sum following the close of the applicable Performance Period. At the discretion of the Committee, Participants may be entitled to receive any dividends declared with respect to Stock which have been earned in connection with grants of Performance Units which have been earned, but not yet distributed to Participants. Subject to compliance with Section 409A of the Code, the Committee may permit or, if it so provides at grant require, a Participant to defer such Participant's receipt of the payment of cash or the delivery of Stock that would otherwise be due to such Participant by virtue of the satisfaction of any requirements or goals with respect to Performance Units. If any such deferral election is required or permitted, the Committee shall establish rules and procedures for such payment deferrals.

6.6 Stock Grants. Stock Grants shall be awarded solely in recognition of expected contributions to the success of the Company or its Affiliates, as an inducement to employment, and in such other limited circumstances as the Committee deems appropriate. Stock Grants shall be made without forfeiture conditions of any kind.

6.7 Awards to Participants outside the United States. The Committee may modify the terms of any Award under the Plan, granted to a Participant who is, at the time of grant or during the term of the Award, resident or primarily employed outside of the United States in any manner deemed by the Committee to be necessary or appropriate in order that the Award shall conform to laws, regulations, and customs of the country in which the Participant is then resident or primarily employed, or so that the value and other benefits of the Award to the Participant, as affected by foreign tax laws and other restrictions applicable as a result of the Participant's residence or employment abroad, shall be comparable to the value of such an Award to a Participant who is resident or primarily employed in the United States. The Committee may establish supplements to, or amendments, restatements, or alternative versions of, the Plan for the purpose of granting

and administering any such modified Award. No such modification, supplement, amendment, restatement or alternative version may increase the share limit of Section 3.1.

7. Adjustment Provisions

7.1 Adjustment for Corporate Actions. All of the share numbers set forth in the Plan reflect the capital structure of the Company as of the Effective Date. If subsequent to the Effective Date the outstanding shares of Stock (or any other securities covered by the Plan by reason of the prior application of this Section) are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to shares of Stock, as a result of a reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other similar distribution with respect to such shares of Stock, an appropriate and proportionate adjustment will be made in (i) the maximum numbers and kinds of shares provided in Section 3.1, (ii) the numbers and kinds of shares or other securities subject to the then outstanding Awards, (iii) the exercise price for each share or other unit of any other securities subject to then outstanding Stock Rights (without change in the aggregate exercise price as to which such Rights remain exercisable), and (iv) the repurchase price of each share of Restricted Stock then subject to a Risk of Forfeiture in the form of a Company repurchase right.

7.2 Adjustment of Awards upon the Occurrence of Certain Unusual or Nonrecurring Events. In the event of any corporate action not specifically covered by the preceding Section, including, but not limited to, an extraordinary cash distribution on Stock, a corporate separation or other reorganization or liquidation, the Committee may make such adjustment of outstanding Awards and their terms, if any, as it, in its sole discretion, may deem equitable and appropriate in the circumstances. The Committee also may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in this Section) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

7.3 Related Matters. Any adjustment in Awards made pursuant to Section 7.1 or 7.2 shall be determined and made, if at all, by the Committee, acting in its sole discretion, and shall include any correlative modification of terms, including of Stock Right exercise prices, rates of vesting or exercisability, Risks of Forfeiture, applicable repurchase prices for Restricted Stock, and Performance Goals and other business objectives which the Committee may deem necessary or appropriate so as to ensure the rights of the Participants in their respective Awards are not substantially diminished nor enlarged as a result of the adjustment and corporate action other than as expressly contemplated in this Section 7. The Committee, in its discretion, may determine that no fraction of a share of Stock shall be purchasable or deliverable upon exercise, and in that event if any adjustment hereunder of the number of shares of Stock covered by an Award would cause such number to include a fraction of a share of Stock, such number of shares of Stock shall be adjusted to the nearest smaller whole number of shares. No adjustment of an Option exercise price per share pursuant to Sections 7.1 or 7.2 shall result in an exercise price which is less than the par value of the Stock.

7.4 Corporate Transactions.

- A. **Treatment of Awards in a Corporate Transaction.** In a Corporate Transaction, the Committee, in its sole and absolute discretion, may take any one or more of the following actions as to all or any (or any portion of) outstanding Awards.
-

- I. Assumption and Substitution. Provide that such Awards shall be assumed, or substantially equivalent rights shall be provided in substitution therefor, by the acquiring or succeeding entity (or an affiliate thereof), and that any repurchase or other rights of the Company under each such Award shall inure to the benefit of such acquiring or succeeding entity (or affiliate thereof).
 - II. Termination, Forfeiture and Reacquisition. Upon written notice to the holders, provide that:
 - A. any unexercised Stock Rights shall terminate immediately prior to the consummation of the Corporate Transaction unless exercised within a specified period following the date of such notice and that any Stock Rights not then exercisable will expire automatically upon consummation of the Corporate Transaction;
 - B. any Restricted Stock Units shall terminate and be forfeited immediately prior to the consummation of the Corporate Transaction to the extent they are then subject to a Risk of Forfeiture; and/or
 - C. any shares of Restricted Stock shall automatically be reacquired by the Corporation upon consummation of the Corporate Transaction at a price per share equal to the lesser of the Market Value of the Restricted Stock and the purchase price paid by the Participant.
 - III. Acceleration of Vesting. Provide that:
 - A. any and all Stock Rights not already exercisable in full shall Accelerate with respect to all or a portion of the shares for which such Stock Rights are not then exercisable prior to or upon the consummation of the Corporate Transaction; and/or
 - B. any Risk of Forfeiture applicable to Restricted Stock and Restricted Stock Units which is not based on achievement of Performance Goals or other business objectives shall lapse upon consummation of the Corporate Transaction with respect to all or a portion of the Restricted Stock and Restricted Stock Units then subject to such Risk of Forfeiture.
 - IV. Achievement of Performance Goals. Provide that all outstanding Awards of Restricted Stock, Restricted Stock Units, and/or Performance Units conditioned on the achievement of Performance Goals or other business objectives and the target payout opportunities attainable under outstanding Performance Units shall be deemed to have been satisfied as of the effective date of the Corporate Transaction as to (i) none of, (ii) all of or (iii) a pro rata number of shares based on the assumed achievement of all relevant Performance Goals or other business objectives and the length of time within the Restriction Period or Performance Period which has elapsed prior to the Corporate Transaction. All such Awards of Performance Units and Restricted Stock Units shall be paid to the extent earned to Participants in accordance with their terms within 30 days following the effective date of the Corporate Transaction.
 - V. Cash Payments to Holders of Stock Rights. Provide for cash payments, net of applicable tax withholdings, to be made to holders of Stock Rights equal to the excess, if any, of (A) the acquisition price times the number of shares of Stock subject to a Stock Right (to the extent the exercise price does not exceed the acquisition price) over (B) the aggregate exercise price for all such shares of Stock subject to the Stock Right, in exchange for the termination of such Stock Right; provided, that if the acquisition price does not exceed the exercise price of any such Stock Right, the Committee may cancel that Stock Right without the payment of any consideration therefor prior to or upon the Corporate Transaction. For this purpose, "acquisition price" means the amount of cash, and market value of any other consideration, received in payment for a share of Stock surrendered in a Corporate Transaction.
-

VI. Conversion of Stock Rights upon Liquidation or Dissolution. Provide that, in connection with a liquidation or dissolution of the Company, Stock Rights shall convert into the right to receive liquidation proceeds net of the exercise price thereof and any applicable tax withholdings.

VII. Any combination of the foregoing.

None of the foregoing shall apply, however, (i) in the case of an Award Agreement, employment agreement or policy or plan adopted by the Board or the Committee that requires other or additional terms upon a Corporate Transaction (or similar event) and which, by its terms, takes precedence over the provisions of this Section 7, or (ii) if specifically prohibited under applicable laws, or by the rules and regulations of any governing governmental agencies or national securities exchanges on which the Stock is listed.

B. Assumption and Substitution of Awards. For purposes of Section 7.4(a)(i) above, an Award shall be considered assumed, or a substantially equivalent award shall be considered to have been provided in substitution therefor, if following consummation of the Corporate Transaction the Award is assumed and/or exchanged or replaced with another award issued by the acquiring or succeeding entity (or an affiliate thereof) that confers the right to purchase or receive the value of, for each share of Stock subject to the Award immediately prior to the consummation of the Corporate Transaction, the consideration (whether cash, securities or other property) received as a result of the Corporate Transaction by holders of Stock for each share of Stock held immediately prior to the consummation of the Corporate Transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Stock); provided, however, that if the consideration received as a result of the Corporate Transaction is not solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof), the Committee may provide for the consideration to be received upon the exercise of Award to consist of or be based on solely common stock (or its equivalent) of the acquiring or succeeding entity (or an affiliate thereof) equivalent in value to the per share consideration received by holders of outstanding shares of Stock as a result of the Corporate Transaction.

C. Related Matters. In taking any of the actions permitted under this Section 7.4, the Committee shall not be obligated to treat all Awards, all Awards held by a Participant, or all Awards of the same type, identically. Any determinations required to carry out the foregoing provisions of this Section 7.4, including, but not limited to, the market value of other consideration received by holders of Stock in a Corporate Transaction and whether substantially equivalent awards have been substituted, shall be made by the Committee acting in its sole and absolute discretion. In connection with any action or actions taken by the Committee in respect of Awards and in connection with a Corporate Transaction, the Committee may require such acknowledgements of satisfaction and releases from Participants as it may determine.

8. Settlement of Awards

8.1 In General. Awards of Restricted Stock shall be settled in accordance with their terms. All other Awards may be settled in cash, Stock, or other Awards, or a combination thereof, as determined by the Committee at or after grant and subject to any contrary Award Agreement. The Committee may not require settlement of any Award in Stock pursuant to the immediately preceding sentence to the extent issuance of such Stock would be prohibited or unreasonably delayed by reason of any other provision of the Plan.

8.2 Violation of Law. Notwithstanding any other provision of the Plan or the relevant Award Agreement, if, at any time, in the reasonable opinion of the Company, the issuance of shares of

Stock covered by an Award may constitute a violation of law, then the Company may delay such issuance and the delivery of a certificate for such shares until (i) approval shall have been obtained from such governmental agencies, other than the SEC, as may be required under any applicable law, rule, or regulation and (ii) in the case where such issuance would constitute a violation of a law administered by or a regulation of the SEC, one of the following conditions shall have been satisfied:

- A. the shares are at the time of the issue of such shares effectively registered under the Securities Act; or
- B. the Company shall have determined, on such basis as it deems appropriate (including an opinion of counsel in form and substance satisfactory to the Company) that the sale, transfer, assignment, pledge, encumbrance or other disposition of such shares or such beneficial interest, as the case may be, does not require registration under the Securities Act or any applicable state securities laws.

The Company shall make all reasonable efforts to bring about the occurrence of said events.

8.3 Corporate Restrictions on Rights in Stock. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the charter, certificate or articles, or by-laws, of the Company. Whenever Stock is to be issued pursuant to an Award, if the Committee so directs at or after grant, the Company shall be under no obligation to issue such shares until such time, if ever, as the recipient of the Award (and any person who exercises any Option, in whole or in part), shall have become a party to and bound by the Stockholders' Agreement, if any. In the event of any conflict between the provisions of this Plan and the provisions of the Stockholders' Agreement, the provisions of the Stockholders' Agreement shall control, but insofar as possible the provisions of the Plan and such Agreement shall be construed so as to give full force and effect to all such provisions.

8.4 Investment Representations. The Company shall be under no obligation to issue any shares covered by any Award unless the shares to be issued pursuant to Awards granted under the Plan have been effectively registered under the Securities Act, or the Participant shall have made such written representations to the Company (upon which the Company believes it may reasonably rely) as the Company may deem necessary or appropriate for purposes of confirming that the issuance of such shares will be exempt from the registration requirements of the Securities Act and any applicable state securities laws and otherwise in compliance with all applicable laws, rules and regulations, including but not limited to that the Participant is acquiring the shares for his or her own account for the purpose of investment and not with a view to, or for sale in connection with, the distribution of any such shares.

8.5 Registration. If the Company shall deem it necessary or desirable to register under the Securities Act or other applicable statutes any shares of Stock issued or to be issued pursuant to Awards granted under the Plan, or to qualify any such shares of Stock for exemption from the Securities Act or other applicable statutes, then the Company shall take such action at its own expense. The Company may require from each recipient of an Award, or each holder of shares of Stock acquired pursuant to the Plan, such information in writing for use in any registration statement, prospectus, preliminary prospectus or offering circular as is reasonably necessary for that purpose and may require reasonable indemnity to the Company and its officers and directors from that holder against all losses, claims, damages and liabilities arising from use of the information so furnished and caused by any untrue statement of any material fact therein or caused by the omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances under which they were

made. In addition, the Company may require of any such person that he or she agree that, without the prior written consent of the Company or the managing underwriter in any public offering of shares of Stock, he or she will not sell, make any short sale of, loan, grant any option for the purchase of, pledge or otherwise encumber, or otherwise dispose of, any shares of Stock during the period not to exceed 180 days commencing on the effective date of the registration statement relating to the underwritten public offering of securities. Without limiting the generality of the foregoing provisions of this Section 8.5, if in connection with any underwritten public offering of securities of the Company the managing underwriter of such offering requires that the Company's directors and officers enter into a lock-up agreement containing provisions that are more restrictive than the provisions set forth in the preceding sentence, then (a) each holder of shares of Stock acquired pursuant to the Plan (regardless of whether such person has complied or complies with the provisions of clause (b) below) shall be bound by, and shall be deemed to have agreed to, the same lock-up terms as those to which the Company's directors and officers are required to adhere; and (b) at the request of the Company or such managing underwriter, each such person shall execute and deliver a lock-up agreement in form and substance equivalent to that which is required to be executed by the Company's directors and officers.

8.6 Placement of Legends; Stop Orders; etc. Each share of Stock to be issued pursuant to Awards granted under the Plan may bear a reference to the investment representations made in accordance with Section 8.4 in addition to any other applicable restrictions under the Plan, the terms of the Award and, if applicable, to the fact that no registration statement has been filed with the SEC in respect to such shares of Stock. All certificates for shares of Stock or other securities delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of any stock exchange upon which the Stock is then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

8.7 Tax Withholding. Whenever shares of Stock are issued or to be issued pursuant to Awards granted under the Plan, the Company shall have the right to require the recipient to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements if, when, and to the extent required by law (whether so required to secure for the Company an otherwise available tax deduction or otherwise) prior to the delivery of any certificate or certificates for such shares. The obligations of the Company under the Plan shall be conditional on satisfaction of all such withholding obligations and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the recipient of an Award. However, in such cases Participants may elect, subject to the approval of the Committee, acting in its sole discretion, to satisfy an applicable withholding requirement, in whole or in part, by having the Company withhold shares to satisfy their tax obligations. Participants may only elect to have shares withheld having a Market Value on the date the tax is to be determined equal to the minimum statutory total tax which could be imposed on the transaction. All elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee deems appropriate.

8.8 Company Charter and By-Laws; Other Company Policies. This Plan and all Awards granted under the Plan (including the exercise, settlement or exchange of an Award) are subject to and must comply with the certificate of incorporation and by-laws of the Company, as they may be amended from time to time, and all other Company policies duly adopted by the Board, the Committee or any other committee of the Board as in effect from time to time regarding the acquisition, ownership or sale of Stock by employees and other service providers, including, without limitation, policies intended to limit the potential for insider trading and to avoid or recover

compensation payable or paid on the basis of inaccurate financial results or statements, employee conduct, and other similar events.

9.Reservation of Stock

The Company shall at all times during the term of the Plan and any outstanding Awards granted hereunder reserve or otherwise keep available such number of shares of Stock as will be sufficient to satisfy the requirements of the Plan (if then in effect) and the Awards and shall pay all fees and expenses necessarily incurred by the Company in connection therewith.

10.Limitation of Rights in Stock; No Special Service Rights

A Participant shall not be deemed for any purpose to be a stockholder of the Company with respect to any of the shares of Stock subject to an Award, unless and until a certificate shall have been issued therefor and delivered to the Participant or his agent, or if uncertificated shares are to be issued, until such shares have been registered in the name of the Participant on the books of the transfer agent and registrar of the Stock. Any Stock to be issued pursuant to Awards granted under the Plan shall be subject to all restrictions upon the transfer thereof which may be now or hereafter imposed by the certificate of incorporation and the bylaws of the Company. Nothing contained in the Plan or in any Award Agreement shall confer upon any recipient of an Award any right with respect to the continuation of his or her employment or other association with the Company (or any Affiliate), or interfere in any way with the right of the Company (or any Affiliate), subject to the terms of any separate employment or consulting agreement or provision of law or certificate of incorporation or by-laws to the contrary, at any time to terminate such employment or consulting agreement or to increase or decrease, or otherwise adjust, the other terms and conditions of the recipient's employment or other association with the Company and its Affiliates.

11.Unfunded Status of Plan

The Plan is intended to constitute an "unfunded" plan for incentive compensation, and the Plan is not intended to constitute a plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver Stock or payments with respect to Options, Stock Appreciation Rights and other Awards hereunder, provided, however, that the existence of such trusts or other arrangements is consistent with the unfunded status of the Plan.

12.Nonexclusivity of the Plan

Neither the adoption of the Plan by the Board nor any action taken in connection with the adoption or operation of the Plan shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation, the granting of stock options and restricted stock other than under the Plan, and such arrangements may be either applicable generally or only in specific cases.

13.Termination and Amendment of the Plan

The Independent Board may at any time terminate the Plan or make such modifications of the Plan as it shall deem advisable. Unless the Independent Board otherwise expressly provides, no amendment of the Plan shall affect the terms of any Award outstanding on the date of such amendment. In any case, no termination or amendment of the Plan may, without the consent of

any recipient of an Award granted hereunder, adversely affect the rights of the recipient under such Award.

The Committee may amend the terms of any Award theretofore granted, prospectively or retroactively, provided that the Award as amended is consistent with the terms of the Plan, but no such amendment shall impair the rights of the recipient of such Award without his or her consent.

14. Notices and Other Communications

Any notice, demand, request or other communication hereunder to any party shall be deemed to be sufficient if contained in a written instrument delivered in person or duly sent by first class registered, certified or overnight mail, postage prepaid, or by electronic mail with a confirmation copy by regular, certified or overnight mail, addressed, as the case may be, (i) if to the recipient of an Award, at his or her residence address last filed with the Company and (ii) if to the Company, at its principal place of business, addressed to the attention of its Chief Financial Officer, or to such other address or electronic mail address, as the case may be, as the addressee may have designated by notice to the addressor. All such notices, requests, demands and other communications shall be deemed to have been received: (i) in the case of personal delivery, on the date of such delivery; and (ii) in all other cases, when received by the addressee in accordance with the foregoing requirements.

15. No Guarantee of Tax Consequences

Neither the Company nor any Affiliate, nor any director, officer, agent, representative or employee of either, guarantees to the Participant or any other person any particular tax consequences as a result of the grant of, exercise of rights under, or payment in respect of an Award, including, but not limited to, that the provisions and penalties of Section 409A of the Code, pertaining to non-qualified plans of deferred compensation, will or will not apply.

16. Administrative Provisions

Nothing contained in the Plan shall require the issuance or delivery of certificates for any period during which the Company has elected to maintain or caused to be maintained the evidence of ownership of its shares of Stock, either generally or in the case of Stock acquired pursuant to Awards, by book entry, and all references herein to such actions or to certificates shall be interpreted accordingly in light of the systems maintained for that purpose. Furthermore, any reference herein to actions to be taken or notices (including of grants of Awards) to be provided in writing or pursuant to specific procedures may be satisfied by means of and pursuant to any electronic or automated voice response systems the Company may elect to establish for such purposes, either by itself or through the services of a third party, for the period such systems are in effect.

17. Governing Law

It is intended that all Awards shall be granted and maintained on a basis which ensures they are exempt from, or otherwise compliant with, the requirements of Section 409A of the Code and the Plan shall be governed, interpreted and enforced consistent with such intent. Neither the Committee nor the Company, nor any of its Affiliates or its or their officers, employees, agents, or representatives, shall have any liability or responsibility for any adverse federal, state or local tax consequences and penalty taxes which may result from the grant or settlement of any Award on a basis contrary to the provisions of Section 409A of the Code or comparable provisions of any applicable state or local income tax laws. The Plan and all Award Agreements and actions taken

thereunder otherwise shall be governed, interpreted and enforced in accordance with the laws of the State of California, without regard to the conflict of laws principles thereof.

RE: Offer Letter

Dear Colleen Martin-Garcia,

Congratulations! We are excited to offer you employment with 8x8, Inc. ("8x8" or "Company") in the full-time position of **SVP, Chief Accounting Officer** beginning on **July 6, 2026** ("Start Date"). As such, you will have responsibilities and perform duties consistent with this position as assigned to you from time to time by your manager. Your designation as Principal Accounting Officer of 8x8, Inc. shall be subject to, and effective upon, your formal appointment by the Board of Directors at its next regularly scheduled meeting following your Start Date. You will be working out of the Company's US-California-Campbell Office, reporting to your manager, the Company's Chief Financial Officer, provided that you may be required to travel from time to time as directed by the Company.

Compensation:

Salary: You will be paid an annual salary of \$360,000.00, paid in accordance with the Company's standard payroll policies, which currently is to be paid biweekly, subject to required withholdings and taxes and any authorized employee deductions. This salary is subject to periodic review and adjustment.

Bonus: You will also be eligible to participate in the Company's discretionary incentive plan. Your total annual target bonus opportunity will be equal to 50% of your base salary. The actual bonus amount could be larger or smaller than the target amount, based on your performance, and the performance of the Company. The exact bonus amount is at the sole discretion of the Company and is not guaranteed. Eligibility to receive a discretionary bonus is subject to your continued employment with the Company through the payment of any bonus. The components and respective attainment will be determined by your management team and the Company, with details to be communicated. For fiscal year 2027, your bonus will be prorated based on your length of service during the fiscal year.

Stock Award: Subject to the approval of 8x8's Board of Directors, you will be granted an award of approximately 600,000 shares of restricted stock units ("RSUs"), representing the right to acquire shares of 8x8, Inc. Common Stock upon vesting. Any such award shall be made to you in the next available quarterly award month following your Start Date (currently June, September, December and March), subject to your Start Date falling before the end of the month prior to the next available quarterly award month (failing which, any award shall be made on the next applicable quarterly award month). By way of illustration, if your Start Date is 20 August, the award would be made in

September whereas if your Start Date is 1 September, the award would be made in December. This award will be subject to the terms of the applicable 8x8, Inc. stock plan and any supporting grant award documents. The shares will vest over a three-year period, with one-third (1/3) vesting on the first anniversary of the grant date, and the remainder vesting in eight (8) equal quarterly installments thereafter, subject to your continued employment or other qualifying association with the Company or any of its affiliates.

Share Retention: You agree to acquire and retain an ownership interest in shares of 8x8 Common Stock whose value equals or exceeds one times (1X) the amount of your base salary as set forth in the Salary section above. For avoidance of doubt, any unvested or unearned shares will not be counted towards this requirement. You will have five years from your Start Date in which to meet this stock ownership threshold. If at any time thereafter, while you remain employed by the Company, your aggregate share ownership as defined in this Share Retention section should fall below the threshold, you agree (a) to retain shares as they vest and you acquire them pursuant to any awards granted to you, and (b) not to sell or otherwise transfer any of your shares of 8x8 common stock (other than in satisfaction of withholding requirements as permitted under the applicable 8x8, Inc. stock plan), until your share ownership equals or exceeds the threshold. In the event of a Corporate Transaction (as defined in the stock plan), this Share Retention section shall cease to apply.

Severance Benefits: You will be entitled to benefits under the 8x8, Inc. 2017 Executive Change-in-Control and Severance Policy, as amended, (the "Policy") at the Executive Tier in accordance with the terms thereof. Such benefits include potential vesting acceleration of stock-based compensation and/or cash severance upon the termination of your employment under specified circumstances, including in connection with a Change-in-Control (as defined in the Policy), subject to the terms and conditions of the Policy. A copy of the Policy, as in effect on the date of this offer letter, may be requested and is available at the SEC's website.

Benefits: You will be eligible to participate in the Company's standard vacation, medical, vision, dental insurance benefits and 401(k) plan available to similarly situated employees according to the benefit plans and Company policy. You will also be eligible to participate in the Company's Employee Stock Purchase Plan ("ESPP", the offering periods for which commence on February 1st and August 1st of each year). The future availability and terms of the ESPP always remains subject to the approval of the Company's Board of Directors. A copy of the ESPP is available at the SEC's website and maybe requested from the Company.

You will be an employee-at-will, meaning that either you or the Company may terminate your employment at any time, with or without cause, with or without notice, for any reason or no particular reason. Although your compensation and benefits may change from time to time, the at-will nature of your employment may only be changed by an express written agreement signed by an authorized officer of the Company. Your signature at the end of this Offer Letter confirms that no promises or agreements that are contrary to our at-will relationship have been committed to you during any of your pre-employment discussions with 8x8.

General Obligations: At all times during your employment, you are expected to adhere to the Company's standards of professionalism, loyalty, integrity, honesty, reliability and respect for all. time at the Company, other than with the advance written approval of the Chief Legal Officer and Chief Human Resources Officer of the Company. The Company acknowledges your current service on the boards of Arts Council Santa Cruz County and Skills of Life and consents to the continuation of that service.

c. Nontransferability of Awards. An award granted a Participant shall not be assignable or transferable in whole or in part, either voluntarily or by operation of law or otherwise. In the event of the Participant's death, an Award is transferable by the Participant only by will or the laws of descent and distribution. Any attempted assignment, transfer or attachment by any creditor in violation of this Subsection 3(c) shall be null and void.

4. ELIGIBILITY AND PARTICIPATION

a. Eligibility. All executive officers of the Company and other Employees deemed eligible by the Committee shall be eligible to participate in the Plan, and the Committee's grant of an Award to an Employee shall be conclusive evidence of the Committee's determination of that Employee's eligibility. A Participant's participation in the Plan shall be deemed to commence effective as of his or her Participation Date. The Participation Date for an eligible Employee will be (a) 90 days from the Employee's date of hire or (b) such other date as the Committee may approve (for example, 90 days from the date of an existing Employee's promotion to a new position). A Participant whose participation in the Plan commences on a date other than on the first day of an Annual Period shall be entitled to receive a pro-rated payment with respect to that Annual Period, based on the number of days the Participant participates in the Plan versus the maximum number of days available for participation during the Annual Period (assuming all other payment conditions are satisfied). For instance, a person hired on April 15th will generally have a Participation Date of July 15th, which corresponds to 260 eligible days to participate in the Plan – i.e., from July 15th to March 31st. Similarly, a Participant shall be entitled to a pro-rated payment with respect to the Quarter Period during which his or her participation in the Plan commences, based on the number of days of actual participation versus the maximum number of days available during the Quarter Period (assuming all other payment conditions are satisfied).

b. Employment Requirement. Participants must be employed with the Company on the Award Determination Date and on the date the Award is to be paid, to be eligible for an Award payment under the Plan.

c. Participation and Approval. For each Annual Period, the Chief Executive Officer shall present to the Committee a list of recommended Participants employed by the Company or a Company subsidiary at that time together with a recommended target Award for each Participant for the fiscal year, which recommendations may be submitted after the commencement of the current Annual Period. The Committee shall review the Chief Executive Officer's report, make any adjustments the Committee deems necessary, and approve target Awards for the Annual Period. The Committee or the Chief Executive Officer shall communicate to each Participant his or her participation in the Plan and his or her individual objectives and targets.

5. **CALCULATION OF AWARDS**

a. Awards Based on Objectives.

i. Awards for the Annual Period shall be based on (A) successful completion of approved individual objectives for such period (as approved at the beginning of the fiscal year), (B) the Company's performance against predetermined metrics (as approved at the beginning of the fiscal year), or (C) some combination of both, as determined by the Committee at the beginning of the relevant fiscal year.

ii. Awards for the Quarter Period shall be based on (A) successful completion of approved individual objectives for such period (as approved at the beginning of the fiscal year or the relevant fiscal quarter), (B) the Company's performance against predetermined metrics (as approved at the beginning of the fiscal year or the relevant fiscal quarter), or (C) some combination of both, as determined by the Committee at the beginning of the relevant fiscal year.

b. Determination of Award Target. Target amounts for Awards for Participants are determined by competitive market information relevant to the job the individual is performing for the Company, the job function of the individual and the individuals' expected contributions to the Company. The target amounts may be a specified cash amount or a percentage of base pay.

6. **PAYMENT**

All payments are to be made in cash, less applicable federal, state, local and FICA taxes, as soon as practicable after the Award Determination Date, but in all events within 75 days after it.

7. **AMENDMENT OF THE PLAN**

The Committee may, from time to time, terminate, suspend, or discontinue the Plan, in whole or part, or revise or amend it in any respect whatsoever.

8. **SOURCE OF FUNDS**

The Plan is funded by a portion of profits in excess of minimum profit targets set forth annually by the Committee. All awards paid under the Plan are paid from the general assets of the Company and are not liabilities of the Company at any time prior to the time when payment is made. Nothing contained in the Plan shall require the Company to segregate any monies from its general funds, or to create any trust or make any special deposit in respect of any amounts payable under the Plan to or for any Participant or group of Participants.

9. **RIGHTS AS AN EMPLOYEE**

The Plan shall not be construed to give any individual the right to remain in the employ of the Company or to affect the right of the Company to terminate such individual's status as an Employee. Participation in the Plan will not affect participation in any other compensatory plan maintained by the Company.

10. **EFFECTIVE DATE OF PLAN**

The Plan is effective on the Effective Date and shall remain in effect until such time as the Committee decides to terminate the Plan.
